DARIO FAVERO

**IMPRENDITORE  
DELL'ANNO**

**Per avere inventato i  
filtri abitacolo**

Aver inventato i filtri abitacolo significa una ricerca continua di nuove soluzioni. Un'industria automobilistica sempre più competitiva e meno differenziata ha spinto Dario Favero a sperimentare lo sviluppo di prodotti in grado di soddisfare le esigenze dei nostri clienti, ad affrontare per primo e con decisione il tema del filtro abitacolo. Affacciatosi su un mercato costituito da prodotti studiati per garantire esclusivamente il corretto funzionamento dell'impianto di climatizzazione ha introdotto un prodotto in grado di garantire anche una elevata efficienza e quindi il benessere fisico e la sicurezza di chi guida, senza pregiudicare la permeabilità e le prestazioni per ogni tipo di autoveicolo.

DARIO FAVERO

**UNTERNEHMER DES

**Für die Erfindung des  
Innenraumfilters**

Die Produktion von Innenraumfilter benötigt ständige Forschung in der Entwicklung von neuen technischen Lösungen. Im immer stärker werdenden Mitbewerb in der Automobilzulieferer-Industrie ist TRE EFFE QUALITY vertreten durch den Inhaber Herrn Dario Favero jener Hersteller, der als erster vor allen Mitbewerbern das Thema Innenraumfilter in den Vordergrund gestellt hat, und Produkte entwickelt hat, die die Bedürfnisse der Kunden erfüllen. Durch hohe Qualitätsstandards bietet TRE EFFE QUALITY Filter für perfekten Komfort und Fahrsicherheit, denn nur Dank eines luftdurchlässigeren und leistungsstärkeren Filtermediums ist die optimale Laufleistung der Klimaanlagen gewährleistet.

DARIO FAVERO

**ENTREPRENEUR OF  
THE YEAR**

**For having invented the  
cabin air filter**

The invention of cabin air filters implies a constant research for brand new solutions. The competition of the automotive market has led the owner, Mr. Dario Favero, to develop products able to meet the customers' requirements, as well as to face the question of cabin air filters before all competitors. In a market that offers products that only ensure the regular working order of the air-conditioning system, TRE EFFE QUALITY has introduced a kind of filter whose high efficiency guarantees the wellbeing and safety of travellers, without compromising the permeability of the filtering material or the performance of the vehicle.

DARIO FAVERO

**ENTREPRENEUR DE

**Pour avoir inventé le  
filtre d'habitacle**

Avoir inventé le filtre d'habitacle signifie aussi rechercher continûment des nouvelles solutions. La compétitivité du marché automobile a porté le gérant, Monsieur Dario Favero, à développer des produits capables de satisfaire les exigences des clients, et à aborder la question des filtres d'habitacle avant tous les autres. Dans un marché qui propose des produits qui garantissent exclusivement le bon fonctionnement du climatiseur, TRE EFFE QUALITY a introduit un type de filtre dont l'efficacité élevée assure le bien-être et la sûreté des voyageurs, sans compromettre la perméabilité du matériel filtrant ni la performance du véhicule.

 Tre Effe Quality nasce nel 1983 su iniziativa dell'imprenditore Dario Favero. L'esperienza maturata dal fondatore nel settore meccanico viene messa a frutto per realizzare i primi filtri abitacolo, inizialmente destinati al mercato aftermarket. La competenza e la specializzazione sviluppate dalla Tre Effe Quality hanno consentito di sviluppare un sistema produttivo unico, brevettato nel 1993, e di realizzare una gamma completa di filtri ORIONE® per ogni tipo di veicolo. La qualità, da sempre prioritaria per realizzare prodotti affidabili e di dimostrata utilità, è assicurata da un Sistema Gestione Qualità conforme alla normativa UNI EN ISO 9001:2000.

 Tre Effe Quality, das branchenführende Unternehmen, wurde 1983 von Herrn Dario Favero gegründet. Qualität ist stets die vorrangige Zielsetzung für zuverlässige und stark einsatzfähige Produkte. Hauptziel von Tre Effe Quality ist, in den innovativsten Bereichen der Zuliefererindustrie neue Umsatzquellen für die Geschäftspartner zu schaffen. Die Erfahrung und Intuition der Geschäftsleitung verbunden mit der Umwelt- und Gesundheitsthematik führten dazu, dass Tre Effe Quality als erster ein komplettes Aktivkohle-Innenraumfilter-Programm auf den Markt brachte. 1993 wurden Tre Effe Quality - Filter europaweit patentiert, somit sind sie vor Imitationen und Fälschungen geschützt. Qualität steht bei Tre Effe Quality immer im Vordergrund; das Qualitätsmanagementsystem nach UNI EN ISO 9001:2000 Standards gewährleistet die hochwertige Qualität der Produkte.

 Tre Effe Quality was founded in 1983, on an entrepreneurial project of Mr. Dario Favero. The broad experience acquired by the founder in the mechanical sector led to the realization of the first cabin air filter, initially sold as an aftermarket product. Tre Effe Quality's competence and specialization led to develop a unique manufacturing system, which was patented in 1993, as well as a complete range of ORIONE® filters for all vehicles. Priority has always been given to quality in all company choices to ensure reliable products of proven usefulness: as a result, the Quality Management System is fully compliant with the UNI EN ISO 9001:2000 standards.

Inoltre, i filtri ORIONE® sono stati testati dal Politecnico di Torino secondo la normativa UNI EN 779 di ostrando di aver raggiunto un ideale rapporto tra l'efficienza contro le polveri e la permeabilità al passaggio dell'aria.

 **ORIONE® Innenraumfilter** gewährleisten den höchsten Sicherheitsstandard, denn die Filterstoffe sind vom TÜV Süddeutschland auf Abtau- und Entfrostungswirkung gemäß CE 78/317 Norm geprüft. Außerdem hat der Test laut UNI EN 779 Norm am Polytechnikum Turin bewiesen, dass ORIONE® Filter ein optimales Verhältnis zwischen Filterleistung und höchster Luftdurchlässigkeit erreicht haben.

 **ORIONE® cabin air filters** are manufactured by using filtering materials that have been tested and certified by TÜV Süddeutschland, in compliance with EC 78/317 directive relating to windscreen demisting and defrosting. In addition, ORIONE® has been examined by the Polytechnic Institute of Turin in compliance to UNI EN 779 standards: tests showed the optimal balance between filtration efficiency and permeability to the air passage.

Inoltre, impedisce a polveri, pollini, gas di scarico, catrame ed altre particelle dannose contenute nell'aria esterna di entrare nell'abitacolo attraverso i condotti del sistema di aerazione e di climatizzazione, assicurando il comfort e la sicurezza di guida.

 Der Innenraumfilter schützt den empfindlichen Verdampfer in der Klimaanlage und das Heizungssystem, außerdem verhindert ein guter Innenraumfilter das Eindringen von Staub, Pollen, Abgasen und anderen schädlichen Partikeln der Luft in den Fahrzeuginnenraum und erhöht damit den Komfort und die Fahrsicherheit der Autofahrer und Insassen.

 The cabin filter protects the evaporator coil of your air conditioning system. In addition, it prevents dust, pollens, exhaust gas, tar and other harmful particles from entering the vehicle via the ventilation and air conditioning pipes. This will also significantly enhance passenger comfort and safety.

 Tutti i Prodotti commercializzati da TRE EFFE QUALITY sono progettati e costruiti secondo i più alti standard di Qualità e Affidabilità, e sono garantiti contro difetti di lavorazione e di materie prime per 24 mesi (per gli acquirenti dei Paesi membri dell'Unione Europea). Qualora un Prodotto di nostra fabbricazione si rivelasse difettoso, nonostante tutti i nostri controlli di Qualità, TRE EFFE QUALITY s'impegna, nelle condizioni previste dalla presente garanzia, a sostituirlo gratuitamente. La garanzia TRE EFFE QUALITY si applica esclusivamente a condizione che i nostri Prodotti vengano utilizzati in modo corretto, in conformità con le istruzioni d'uso TRE EFFE QUALITY e in conformità con quelle dei costruttori dei veicoli su cui sono montati. Il periodo di garanzia inizia dalla data di acquisto da parte del Cliente. TRE EFFE QUALITY non assume alcuna responsabilità per danni consequenziali derivanti dall'uso proprio od improprio dei suoi Prodotti, ma prenderà in esame soltanto quei casi in cui il Prodotto sia riconosciuto difettoso dopo la sua restituzione in Fabbrica. Inoltre, questa garanzia decade e non avrà alcuna applicazione nel caso in cui, a giudizio insindacabile della TRE EFFE QUALITY, il difetto sia stato dovuto a cattivo impiego, negligenza, incidente, installazione o sostituzione errata, ivi compreso l'impiego diverso dalle Applicazioni riportate sul catalogo TRE EFFE QUALITY. La sostituzione dell'eventuale Prodotto difettoso reso in garanzia non comporta un nuovo periodo, ma copre la parte restante della garanzia originaria.

 Alle von TRE EFFE QUALITY vermarktet Produkte sind so geplant und hergestellt, daß sie die höchsten Qualitäts- und Zuverlässigkeitssstandards erfüllen. Es wird gewährleistet, daß alle Produkte bei normalem Betrieb und normaler Verwendung frei von Material- und Verarbeitungsfehlern sind, sofern der Einbau oder Austausch gemäß den in der Verpackung enthaltenen Einbauanweisungen von TRE EFFE QUALITY oder den von Fahzeuherstellern empfohlenen Einbauvorschriften erfolgt. TRE EFFE QUALITY verpflichtet sich unter den in der vorliegenden Garantie vorgeschriebenen Bedingungen, die mangelhaften Produkte unentgeltlich zu ersetzen. Die Gewährleistung gilt ausschließlich für die Käufer der EU-Staaten. Der Gewährleistungszeitraum beginnt mit dem Datum des Erwerbs durch den Benutzer. Der ursprüngliche Gewährleistungszeitraum verlängert sich nicht durch den Einbau eines in Garantie ersetzen Produktes, das im Rahmen der Gewährleistung kostenlos ausgetauscht wird, sondern er verlängert sich nur für den restlichen ursprünglichen Gewährleistungszeitraum. Für TRE EFFE QUALITY Produkte gilt ein Gewährleistungszeitraum von 24 Monaten oder der empfohlene Betriebszeitraum bzw. Die empfohlene Kilometerleistung (es gilt das jeweils zuerst erreichte Ereignis). TRE EFFE QUALITY übernimmt keine automatische Haftung für im Zusammenhang mit dem Produkt entstandene Schäden oder Folgeschäden gleich welcher Art, ist jedoch bereit, die näheren Umstände in Fällen zu erwägen, in denen das Produkt eingeschickt und dessen Fehlerhaftigkeit bestätigt wurde. Diese Gewährleistung gilt nicht für Ausfälle, die nach Meinung von TRE EFFE QUALITY auf Mißbrauch, Fahrlässigkeit, Unfälle, fehlerhafte Justierung oder Instandsetzung zurückzuführen sind, einschließlich einer unsachgemäßen Verwendung von Eignungsdaten für die Anwendung, wie sie in der Anwendungsliste im Katalog von TRE EFFE QUALITY definiert sind.

 All products sold by TRE EFFE QUALITY are designed and manufactured according to the highest standards of Quality and Reliability, and they are warranted free from defects in materials and workmanship for a period of 24 months (for buyers from the European Union). Should any product manufactured by us be defective, in spite of all our Quality assurance measures, TRE EFFE QUALITY undertakes, subject to the terms of such warranty, to replace it free of charge. The warranty TRE EFFE QUALITY applies only on condition that our products are used properly, in compliance with the TRE EFFE QUALITY installation instructions, and in compliance with specific recommendations made by manufacturers of the vehicles on which our products have been installed. The warranty period will begin from the date of purchase by the customer. TRE EFFE QUALITY accepts no liability for associated or consequential loss of any kind whatsoever, but consideration will be given in cases where the product is returned to our warehouse and confirmed as defective. This warranty shall not apply to any failure, which, in the incontestable opinion of TRE EFFE QUALITY, is the result of misuse, negligence, accident, maladjustment or repair. This includes improper use of relevant application data as defined in the catalogue TRE EFFE QUALITY. The replacement of a defective product does not extend the original warranty period cover.

 Tous les produits commercialisés par TRE EFFE QUALITY sont conçus et fabriqués selon les plus hautes normes de Qualité et de Fiabilité, et ils sont garantis contre tous vices de fonctionnement provenant d'un défaut de matière ou de fabrication pour une période de 24 mois (pour les acheteurs de l'Union Européenne). La garantie TRE EFFE QUALITY s'applique exclusivement à condition que nos produits soient utilisés correctement, sous réserve du respect des instructions d'installation TRE EFFE QUALITY et des constructeurs des véhicules sur lesquels les produits sont installés. La période de garantie prend effet à compter de la date de l'achat du Client. TRE EFFE QUALITY décline toute responsabilité pour les dommages dérivant de l'usage propre ou impropres de ses produits, mais accepte de prendre en charge les conséquences directes occasionnées par un produit reconnu comme défectueux après sa restitution à l'usine. De plus, cette garantie devient nulle et ne s'appliquera pas si, selon le jugement incontestable de TRE EFFE QUALITY, les défaillances sont conséquences d'une mauvaise utilisation, de négligence, d'accident, de mauvais montage ou de réparation, ainsi que du non-respect des applications figurant dans le catalogue TRE EFFE QUALITY. Le remplacement d'un produit défectueux ne prolonge pas la période de garantie d'origine.
