# Maintaining a 350 km/h R&D lab

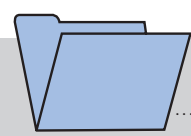

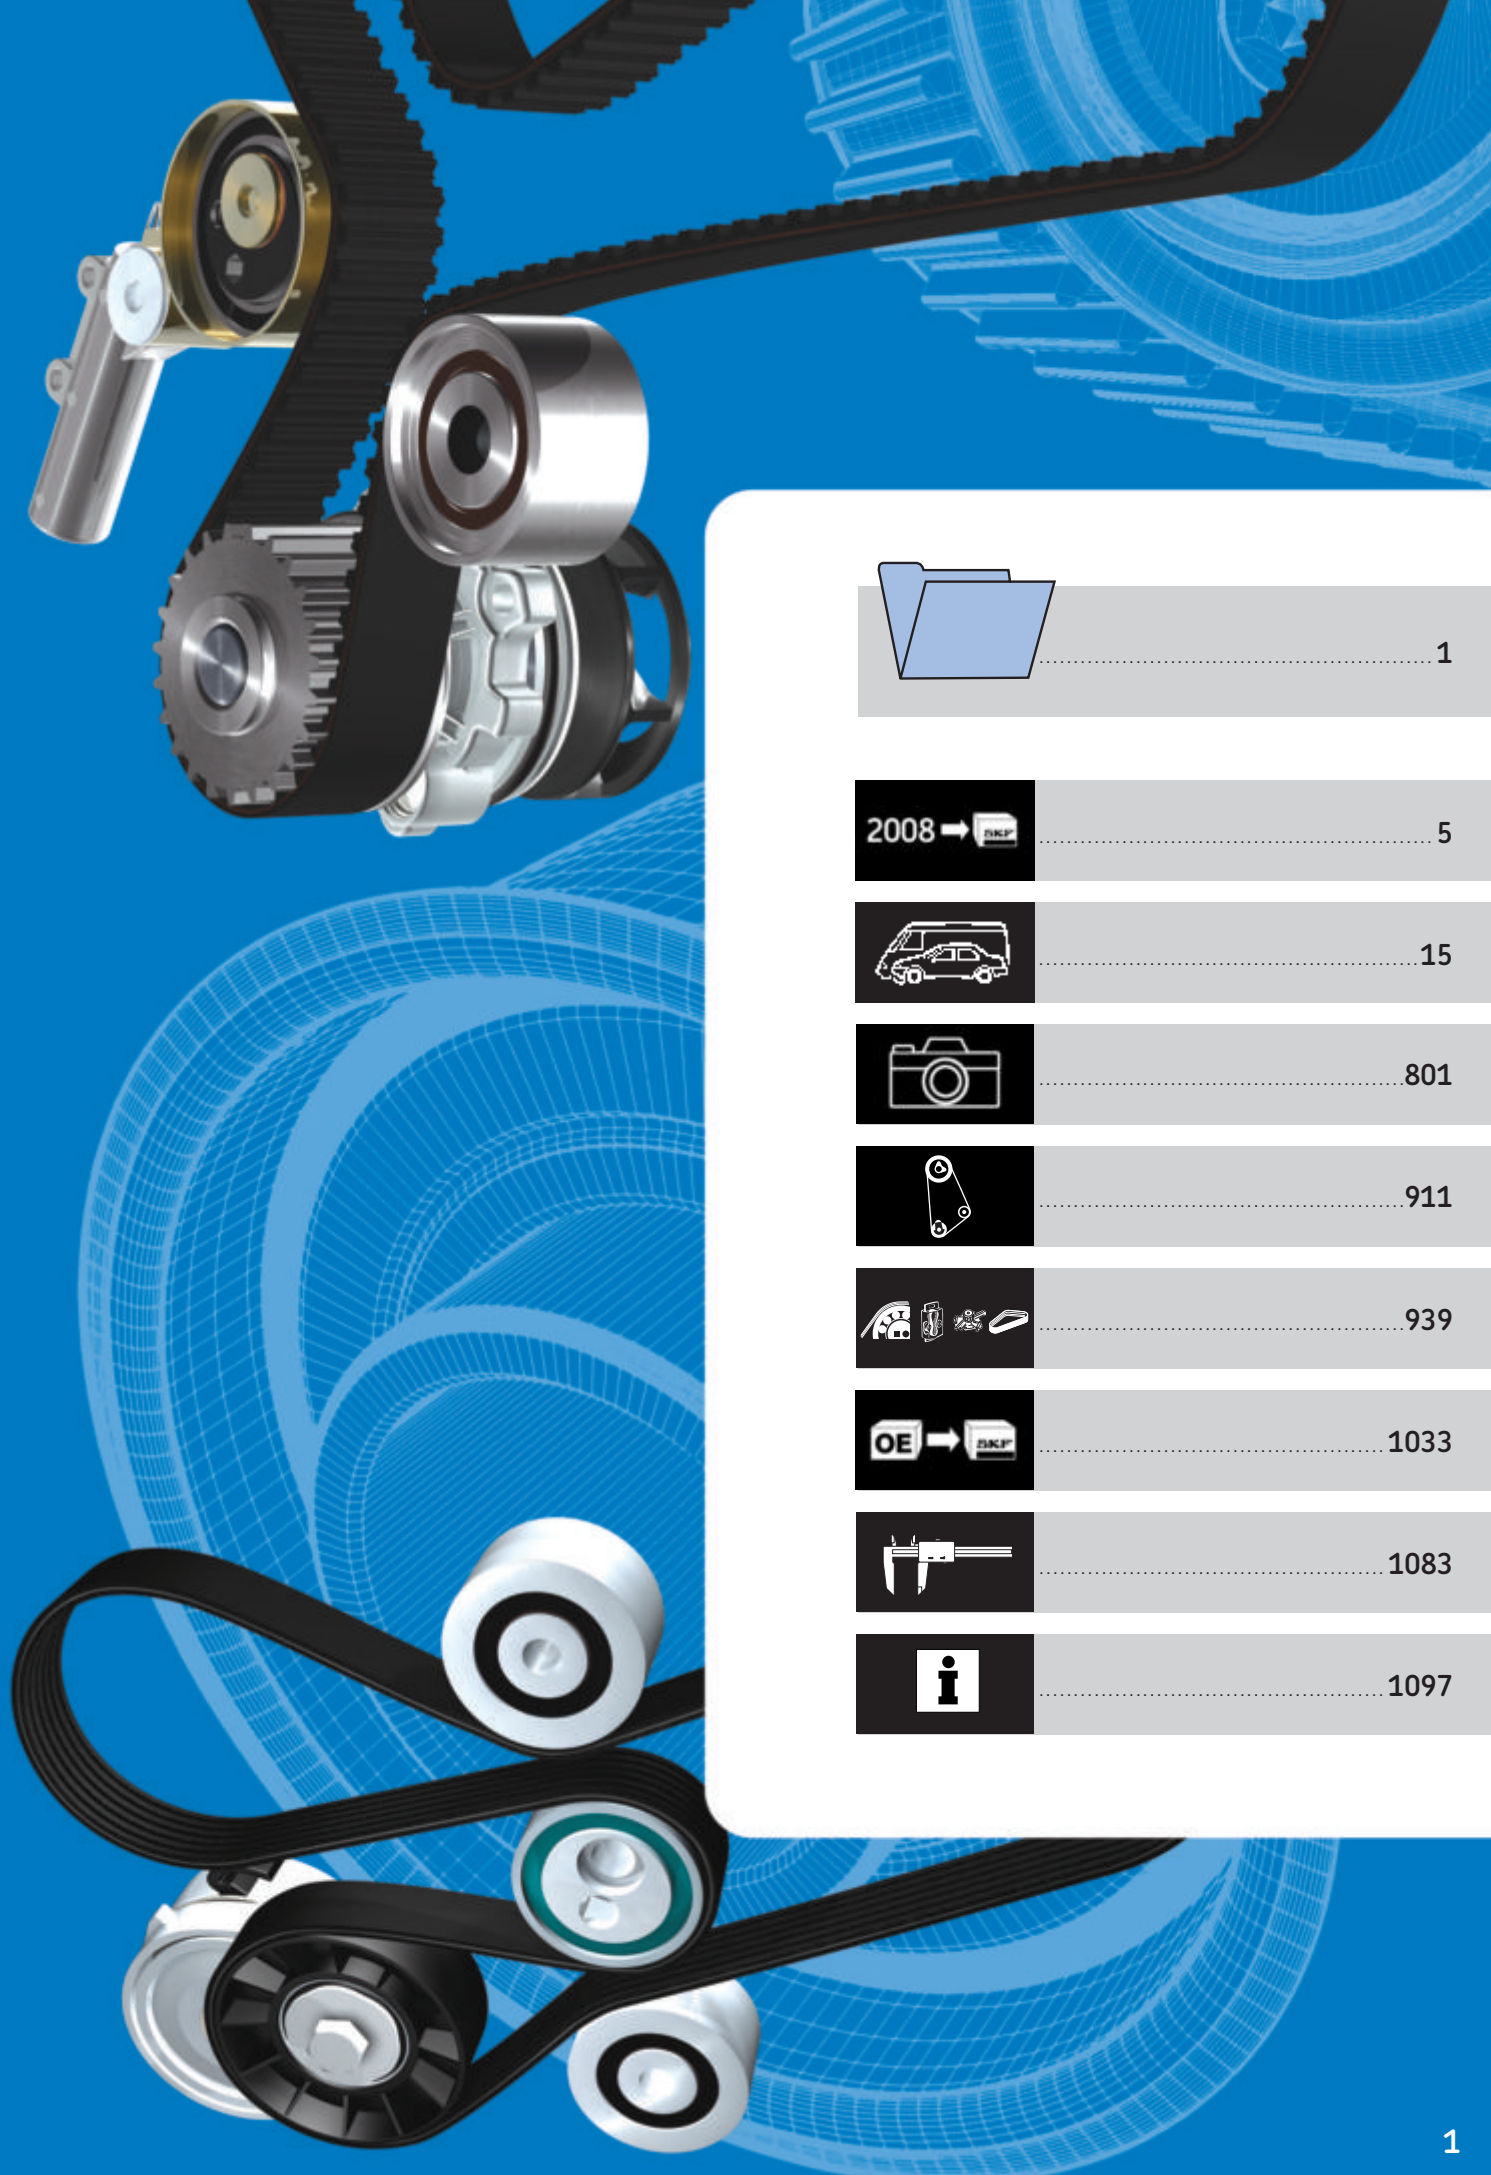

In addition to SKF's renewed research and development facilities in Europe and the United States, Formula One car racing provides a unique environment for SKF to push the limits of the complex and fully diversified bearing related technology. A Ferrari single-seat car utilizes more than 150 SKF components. Lessons learned here are applied to the product we provide to automakers and the aftermarket worldwide.

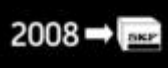

|     | English                                       | Deutsch  | Français   | Italiano  | Español  |
|-----|---|--|--|---|--|
| 1)  | Camshaft + balancer kit                       | Satz für Nocken- und Ausgleichswelle                   | Kit d'arbre à cames + Kit d'arbre d'équilibrage                        | Albero a camme e kit di equilibrio                        | Kit de árbol de equilibrio                                     |
| 2)  | Water pump with accessories                   | Wasserpumpe mit Gehäuse                                | Pompe à eau avec accessoires   | Pompa acqua con accessori                                 | La bomba de agua y sus accesorios                              |
| 3)  | Timing belt kit with engine oil seals.        | SpannrollensatzPlus (mit Wellendichtringen)            | Kit de distribution avec joints SPI                                    | Kit tendicinghia con paraoli                              | Kit de correas de distribución con retenes del motor           |
| 4)  | Camshaft + Injection pump kit                 | Satz für Nockenwelle + Satz für Einspritzpumpe         | Kit d'arbre à cames + Kit de pompe à injection                         | Kit albero a camme + Kit pompa iniezione                  | Kit árbol de levas + Kit bomba de inyección                    |
| 5)  | Complete kit must be used                     | Kompletsatz ist einzubauen                             | Le kit complet doit être monté   | E' consigliabile l'utilizzo del kit completo              | Debe utilizarse un kit completo                                |
| 6)  | Except tropical climate                       | Ausser tropische Klimazone                             | Sauf climat tropical   | Ad eccezione del clima tropicale                          | Excepto clima tropical   |
| 7)  | With Dynamic Drive                            | Mit "Dynamic Drive"                                    | Avec Suspension Pilotée  | Con guida dinamica  | Con transmisión dinámica                                       |
| 8)  | Without Dynamic Drive                         | Ohne "Dynamic Drive"                                   | Sans Suspension Pilotée  | Senza guida dinamica                                      | Sin transmisión dinámica                                       |
| 9)  | For engine with multi-V belt                  | Für Motor mit Keilrippenriemen                         | Pour véhicules avec courroie multi-V                                   | Per motore con cinghia multi-V                            | Para motores con correa multi-V                                |
| 10) | For engine with V belt                        | Für Motor mit Keilriemen                               | Pour véhicules avec courroie V   | Per motore con cinghia V                                  | Para motores con correa en V                                   |
| 11) | Model generation 1                            | Modell Generation 1                                    | Modèles phase 1  | Modello prima generazione                                 | Modelo 1ª generación   |
| 12) | Model generation 2                            | Modell Generation 2                                    | Modèles phase 2  | Modello seconda generazione                               | Modelo 2ª generación   |
| 13) | With high pressure hyd pump 6+2               | Mit Hochdruckpumpe 6+2                                 | Avec pompe hydraulique 6+2   | Con alta pressione – pompa idraulica 6+2                  | Con bomba hidráulica de alta presión 6+2                       |
| 14) | With stop and start system                    | Mit Start/Stop-System                                  | Avec Système "Stop & Start"  | Con sistema Stop e Start                                  | Con sistema "Stop & Start"                                     |
| 15) | Without stop and start system                 | Ohne Start/Stop-System                                 | Sans Système "Stop & Start"  | Senza sistema Stop e Start                                | Sin sistema "Stop & Start"                                     |
| 16) | Only for aluminium backhouse                  | Nur für Aluminium                                      | Uniquement pour corps en aluminium                                     | Solo per ingresso acqua in alluminio                      | Solo para tapa posterior de aluminio                           |
| 17) | Alternator, 3 fixation points                 | Lichtmaschine, 3-Punkt-Fixierung                       | Alternateur 3 points de fixation                                       | Alternatore, 3 punti fissaggio                            | Alternador, 3 puntos de fijación                               |
| 18) | Alternator, 4 fixation points                 | Lichtmaschine, 4-Punkt-Fixierung                       | Alternateur 4 points de fixation                                       | Alternatore, 4 punti di fissaggio                         | Alternador, 4 puntos de fijación                               |
| 19) | Includes injection pump belt and tensioner    | Beinhaltet Riemen und Spannrolle für Einspritzpumpe    | Contient galet et courroie de pompe à injection                        | Comprende pompa iniezione, cinghia e tensionatore         | Incluye tensor y correa de bomba de inyección                  |
| 20) | Camshaft pulley must be OE ref: XS4Q 6A256 AC | Rolle (für Nockenwelle) muss OE Nr XS4Q 6A256 AC haben | Le numéro OE de la poulie d'arbre à cames doit être le "XS4Q 6A256 AC" | Puleggia albero a camme con riferimento OE: XS4Q 6A256 AC | La polea del árbol de levas debe ser la ref. OE: XS4Q 6A256 AC |
| 21) | Water pump idler                              | Umlenkrolle für Wasserpumpe                            | Galet monté sur la pompe à eau   | Puleggia Pompa Acqua                                      | Polea bomba de agua  |
| 22) | Turbocharger Intercooler                      | Turbolader   | Avec échangeur   | Sistema raffreddamento turbocompressore                   | Intercooler para turbocompresor                                |
| 23) | Except Turbocharger Intercooler               | Ausser Turbolader                                      | Sans échangeur   | Eccetto sistema raffreddamento turbocompressore           | Excepto intercooler para turbocompresor                        |
| 24) | With AC filter                                | Mit Filter (Klimaanlage)                               | Avec filtre de climatisation   | Con filtro AC   | Con filtro para el AC  |
| 25) | With standard radiator                        | Mit Kühler (Standard)                                  | Avec radiateur standard  | Con radiatore standard                                    | Con radiador estandar  |
| 26) | With heavy duty radiator                      | Mit Kühler   | Avec radiateur poids lourd   | Con radiatore rinforzato                                  | Con radiador de alto rendimiento                               |
| 27) | Camshaft kit                                  | Satz für Nockenwelle                                   | Kit d'arbre à cames  | Kit albero a camme  | Kit de árbol de levas  |
| 28) | Without power take off                        | Ohne Zapfwelle   | Sans prise de force  | Senza motore spento                                       | Sin potencia conectada   |
| 29) | With power take off                           | Mit Zapfwelle  | Avec prise de force  | Con motore spento   | Con potencia conectada   |
| 30) | With Anti-pollution                           | Schadstoffemission                                     | Avec système anti-pollution  | Con Anti-inquinamento                                     | Con anti-polución  |
| 31) | Without Anti-pollution                        | Ohne Schadstoffemission                                | Sans système anti-pollution  | Senza Anti-inquinamento                                   | Sin anti-polución  |
| 32) | Except equipment code COMPREX                 | Ausser Ausstattungs-Code COMPREX                       | Sauf équipement COMPREX  | Senza codice di equipaggiamento COMPREX                   | Excepto código de equipamiento COMPREX                         |
| 33) | For cold climate                              | Für kalte Temperaturen                                 | Pour pays à climat froid   | Per clima freddo  | Para clima frío  |
| 34) | Not for cold climate                          | Nicht für kalte Temperaturen                           | Sauf pays à climat froid   | Non per clima freddo                                      | No para clima frío   |
| 35) | Tempered climate                              | Gemäßigte Temperaturzone                               | Pour pays à climat tempéré   | Clima temperato   | Para clima templado  |
| 36) | Extreme cold climate                          | Extremtemperatur                                       | Pour pays à climat très froid  | Clima estremamente freddo                                 | Para clima extremadamente frío                                 |
| 37) | With heated windscreen                        | Mit beheizbarer Windschutzscheibe                      | Avec pare-brise chauffant  | Con parabrezza riscaldato                                 | Con parabrisas calefactable                                    |
| 38) | Without heated windscreen                     | Ohne beheizbare Windschutzscheibe                      | Sans pare-brise chauffant  | Senza parabrezza riscaldato                               | Sin parabrisas calefactable                                    |
| 39) | Equipment code L20                            | Ausstattungs-Code L20                                  | Code équipement L20  | Codice di equipaggiamento L20                             | Código de equipamiento L20                                     |
| 40) | Manufactured in France                        | Hergestellt in Frankreich                              | Modèles fabriqués en France  | Prodotto in Francia                                       | Fabricado en Francia   |
