GKN Driveline

Industrial & Distribution Services

Universal Joints

Edition 2005 / 2006

Uni-Cardan®

LOBRO

EXPECT>MORE

1. As a producer of original equipment GKN Driveline supplies vehicle manufacturers on a world-wide basis.

2. UNI CARDAN and LÖBRO are the trade marks of GKN Driveline in the European Automotive Aftermarket.

3. UNI CARDAN and LÖBRO stand for quality, service reliability and profitability.

4. Reference numbers of parts or designation of types by vehicle manufacturers or competitors are stated for purpose of comparison only. The use of such details in invoices to vehicle owners is not allowed. Damage claims based on statements made in this catalogue are excluded. Subject to change without notice.

5. All cross references are for guidance only, vehicles may have had alternative parts fitted and therefore it is essential to verify that the new part is correct for the application before fitting. If in doubt contact us for details of your nearest IDS workshop, where your driveshaft / propshaft can be professionally repaired. We recommend that all propshafts are dynamically balanced after service work has been carried out.

6. Copyright by GKN Driveline. Copies, even extracts, are only allowed with the written approval of GKN Service International GmbH.
