Athena Automotive and Industrial Parts Co. Ltd

Hangzhou City, XiaSha district,
Zhejiang province
(People Republic of China)

WHO WE ARE

Athena, an international company founded in 1973, designs and manufactures gaskets, technical parts and metal components for the industrial and motorcycle sectors, in compliance with the highest quality standards UNI EN ISO 9001, 9002, 14001 and UNI ISO/TS 16949.

It is a leading brand of spare parts for off-road and on-road motorcycles, both mechanical and electronic parts, designed and developed by GET, a company in its group specialising in production of ECUs and data acquisition systems.

Athena is the market's point of reference for preparation of gasket kits, having a complete range for scooters, on- and off-road bikes, ATVs, jet skis, water motorcycles, outboard motors and Harley Davidsons. The only company in the world to fully manufacture cylinder kits for motorcycles and scooters, Athena also offers a collection of top-quality complementary products including cylinders, pistons, original oil seals and dust seals, oil and air filters, bearings and much more. Athena also offers a repair service for worn aluminium cylinders that maintains their look and finish, while restoring them to full functionality.

In the off-road world, Athena's pool of engineers and technicians develops new product ranges in collaboration with the most important international MXGP and AMA Supercross teams. Our in-house R&D department has latest-generation control equipment and test stands. Athena products undergo rigorous quality testing to guarantee clients high standards of performance, competitiveness and reliability.

WHO WE ARE

CHI SIAMO
QUI NOUS SOMMES
QUIEN SAMOS

IT Athena, azienda internazionale fondata nel 1973, progetta e produce guarnizioni, articoli tecnici e componenti metallici per il settore industriale e motociclistico operando nel rispetto dei massimi standard qualitativi UNI EN ISO 9001, 9002, 14001 e UNI ISO/TS 16949. Il brand è leader nel mondo dei ricambi moto off-road e da strada, sia per quanto riguarda le parti meccaniche che quelle elettroniche, progettate e sviluppate da GET, azienda del gruppo specializzata nella produzione di centraline e sistemi di acquisizione dati.

Athena è punto di riferimento nel mercato nella preparazione di kit guarnizioni, detenendo una gamma completa per scooter, moto stradali, moto off-road, ATV, Jet Ski, moto d'acqua, fuoribordo e Harley Davidson. Unica al mondo a produrre interamente gruppi termici per moto e scooter, l'azienda propone anche un insieme di prodotti complementari di altissima qualità tra cui cilindri, pistoni, paraolio e parapolvere di tipo originale, filtri olio e aria, cuscinetti e molto altro. In aggiunta, Athena offre un servizio per il recupero dei cilindri in alluminio usurati garantendone aspetto e finitura e ripristinando la sua completa funzionalità.

Nell'ambito Off-Road, il pool di ingegneri e tecnici Athena sviluppa le nuove gamme di prodotto in collaborazione con i più importanti Team Mondiali MXGP e AMA Supercross. Il reparto R&D interno è dotato di apparecchiature di controllo e banchi prova di ultima generazione. I prodotti Athena sono sottoposti a rigorosi test di qualità per garantire al cliente elevati standard in termini di prestazioni, competitività ed affidabilità.

FR Athena, entreprise internationale fondée en 1973, conçoit et fabrique des joints, des articles techniques et des composants en métal pour le secteur industriel et motocycliste dans le respect des principales normes de qualité UNI EN ISO 9001, 9002, 14001 et UNI ISO/TS 16949. La marque occupe une position de leader dans le monde des pièces de rechange de moto off-road et de route, pour les pièces mécaniques mais aussi électroniques, conçues et développées par GET, entreprise du groupe spécialisée dans la production d'unités de commande et de systèmes de collecte des données.

Athena est une référence sur le marché pour la préparation de kits de joints, et elle propose une gamme complète pour scooters, motos de route, motos off-road, ATV, scooters de mer, motomarines, hors-bords et Harley Davidson. Seule entreprise au monde à produire entièrement des groupes thermiques pour motos et scooters, Athena propose également un ensemble de produits complémentaires de très grande qualité dont des cylindres, des pistons, des déflecteurs d'huile et des protections antipoussière de type original, ainsi que des filtres à huile et à air, des roulements et bien d'autre chose encore. De plus, Athena offre un service de restauration des cylindres en aluminium usagés, pour leur permettre de retrouver leur aspect et leur finition, ainsi que toutes leurs fonctionnalités.

Dans le domaine de l'Off-Road, l'équipe d'ingénieurs et de techniciens Athena développe la nouvelle gamme de produits en collaboration avec les principales équipes mondiales MXGP et AMA Supercross. Le service R&D interne est doté d'appareillages de contrôle et de bancs d'essai de dernière génération. Les produits Athena sont soumis à des essais de qualité rigoureux pour garantir au client des standards élevés en termes de prestations, de compétitivité et de fiabilité.

ES Athena, empresa internacional fundada en 1973, diseña y produce juntas, artículos técnicos y componentes metálicos para el sector industrial y motociclista, respetando las más altas normas de calidad, UNI EN ISO 9001, 9002, 14001 y UNI ISO/TS 16949. La marca es líder mundial en repuestos para motos off-road y de carretera, en lo que concierne a las partes mecánicas y electrónicas, diseñadas y desarrolladas por GET, empresa del grupo especializada en la producción de centralitas y sistemas de adquisición de datos.

Athena es punto de referencia en el mercado de la preparación de kits de juntas, pues ofrece una gama completa para scooters, motos de carretera, motos off-road, ATV, Jet Ski, motos de agua, fueraborda y Harley Davidson. Única del mundo en producir enteramente grupos térmicos para motos y scooters, la empresa propone también una serie de productos complementarios de altísima calidad, como cilindros, pistones, colectores de aceite y colectores de polvo de tipo original, filtros de aceite y aire, rodamientos, y mucho más. Además, Athena ofrece un servicio para la recuperación de cilindros de aluminio desgastados, garantizando su aspecto y acabado y restableciendo su funcionalidad completa.

En el segmento Off-Road, los ingenieros y técnicos Athena desarrollan las nuevas gamas de producto con la colaboración de los principales equipos mundiales MXGP y AMA Supercross. El departamento de Investigación y Desarrollo interno está dotado de aparatos de control y bancos de prueba de última generación. Los productos Athena se someten a pruebas de calidad estrictas para garantizar al cliente altos estándares en términos de prestaciones, competitividad y fiabilidad.

CYLINDER KITS

KIT CILINDRI
CYLINDRE KIT
KITS CILINDRO

EN **Athena cylinder kits** are based on solid know-how, born of years of experience that has made Athena the go-to original equipment supplier for many motorcycle companies. This is why Athena is able to design and produce in-house complete cylinders and cylinder kits of the highest quality and efficiency, at an extremely competitive price.

Strong points:

- Practical and fast installation
- Maximum duration and smooth sliding, ensured by a special nickel and silicon finish
- Strict QC system

Athena kits come in three types:

 **The Easy Cylinder Kit:** standard diameter cylinder and top-end gasket series

 **The Standard Bore Kit:** standard diameter cylinder, piston and gaskets required for assembly

 **The Big Bore Kit:** increased diameter cylinder, with piston and gaskets suitable for assembly.

IT I **kit cilindro Athena** nascono da un solido know-how, dato da un'esperienza pluriennale che ha portato l'azienda ad essere scelta come fornitore di primo impianto da numerose aziende motociclistiche. Per questo Athena è in grado di progettare e produrre internamente cilindri e kit cilindro completi di altissima qualità ed efficienza a un prezzo estremamente competitivo.

Punti di forza:

- Installazione pratica e veloce
- Massima durata e scorrevolezza, garantite da uno speciale trattamento in nickel e silicio
- Accurato sistema di controllo qualità

I kit cilindro Athena si distinguono in:

 **Kit Easy Cylinder:** composto da cilindro a diametro standard e dalla serie guarnizioni smeriglio

 **Kit Standard Bore:** composto da cilindro a diametro standard, pistone e guarnizioni necessarie per il montaggio

 **Kit Big Bore:** composto da cilindro a diametro maggiorato, relativo pistone e guarnizioni necessarie per il montaggio

FR Les **kits cylindres Athena** résultent d'un solide savoir-faire dû à l'expérience pluriannuelle qui fait que l'entreprise est aujourd'hui fournisseur de premier choix de nombreux constructeurs de motos. Athena est donc capable de concevoir et de produire en interne des cylindres et des kits de cylindre complets de très grande qualité et efficacité à un prix très compétitif.

Points forts:

- Installation facile et rapide
- Durée et rapidité optimales, grâce à un traitement spécial en nickel et en silicium
- Système de contrôle qualité soigné

Les kits cylindres Athena existent en plusieurs versions:

 **Kit Easy Cylinder:** composé d'un cylindre de diamètre standard et de la série de joints haut moteur

 **Kit Standard Bore:** composé d'un cylindre de diamètre standard, d'un piston et des joints nécessaires pour le montage

 **Kit Big Bore:** composé d'un cylindre de diamètre majoré, du piston correspondant et des joints nécessaires pour le montage

ES Los **kits cilindro Athena** son fruto de un sólido saber hacer respaldado por una experiencia de muchos años que ha llevado a la empresa a ser elegida como proveedor de equipamiento original por numerosas empresas motociclistas. Athena está en condiciones de diseñar y producir internamente cilindros y kits cilindro completos de altísima calidad y eficiencia a un precio sumamente competitivo.

Puntos fuertes:

- Instalación práctica y veloz
- Máxima durabilidad y fluidez, garantizadas por un tratamiento especial en níquel y silicio
- Sistema de control de calidad preciso

Los kits cilindro Athena se clasifican en:

 **Kit Easy Cylinder:** compuesto por cilindro de diámetro estándar y serie de juntas esmeril

 **Kit Standard Bore:** compuesto por cilindro de diámetro estándar, pistón, y las juntas necesarias para el montaje

 **Kit Big Bore:** compuesto por cilindro de mayor diámetro, pistón, y las juntas necesarias para el montaje

KIT CARTER FRIZIONE / CLUTCH CASE KIT

Grazie al nuovo Carter Racing ATHENA è possibile:

- ispezionare o cambiare la frizione senza togliere l'olio del motore, l'acqua dell'impianto di raffreddamento e i relativi tubi di collegamento;
- aumentare le performance del motore:
 - eliminando completamente il sistema meccanico di miscelazione e le relative perdite di potenze dovute allo stesso;
 - riducendo il volume interno del carter e la quantità d'olio rispetto all'OEM, minimizzando gli sbattimenti e i relativi attriti, cause dell'aumento della temperatura d'esercizio con conseguenti perdite di potenza e maggiore usura della frizione.

Il Carter Racing ATHENA è adattabile a tutti i motori MINARELLI AM 3-4-5-6 senza alcuna modifica e difficoltà al montaggio ed è utilizzabile sia per la versione con avviamento a pedale che alla versione ad avviamento elettrico

Thanks to the New ATHENA Racing Clutch Case, it is possible to:

- Check and/or replace the clutch without draining the engine oil as well as the cooling water and without unplugging its manifold.
- Increase engine performance by:
 - Eliminating the oil mixing pump and therefore its mechanic losses;
 - Reducing the total oil volume inside the engine, in order to decrease oil splashing and frictions, which are the causes of temperature increase and consequential power loss and clutch wearing.

The ATHENA RACING CLUTCH CASE can be easily fitted in all MINARELLI AM 3-4-5-6, either electric or kick starting engines, without any modifications.

WORN CYLINDER RECOVERING

**RECUPERO CILINDRI USATI
REPARATION DE CYLINDRES
RECUPERACIÓN CILINDROS DESGASTADOS**

- EN** Thanks to its **service of cylinder recovering**, Athena **gives new life** to your worn aluminium cylinders, radically improving their external look, the quality of the coating and its finishing (snagging of the ports, smoothing of the exhaust lines, sandblasting etc...). The recovering service consists in **removing** the old nickel surface, **depositing** a new galvanic coating (motor-nicksil) and final **honing**. If necessary, we can also weld grooves or scratches present on the cylinder liner.
- IT** Athena offre un **servizio di recupero cilindri usurati** in alluminio, che **dona nuova vita** ai cilindri usurati, migliorandone radicalmente l'aspetto visivo, la qualità del riporto e le relative finiture (sba- vature luci travasi, raggature traversino scarico, sabbiatura ecc...). Il recupero consiste nell'**eliminazione** della vecchia nichelatura, di una successiva **deposizione** del nuovo riporto galvanico (motor-nickasil) e **lappatura** finale. Se necessario si effettua anche la saldatura su rigature o solchi profondi presenti nella canna cilindro.
- FR** Athena offre un **service de réparation de cylindres** en aluminium (2 et 4 temps), qui **donne une nouvelle vie** aux cylindres usagés, améliorant radicalement l'aspect visuel, la qualité et les finitions (Finition noyaux interne du cylindre, rayon barrette d'échappement, finition externe du cylindre, etc...). La restauration consiste à la **dépose** du revêtement précédent, et d'un **nouveau traitement** MOTOR-NICKSIL et mise à la cote de ce traitement en fonction du piston. Si nécessaire, nous pouvons également effectuer des soudures et reprises mécaniques sur des alésages et plans de joints.
- ES** Athena ofrece un **servicio de recuperación cilindros** desgastados de aluminio, que **dan nueva vida** a los cilindros desgastados, mejorando radicalmente la apariencia visual, la calidad del reporte y los relativos acabados (rebabas transfer, sedimentos escape, tabique escape etc ...). La recuperación consiste en la **eliminación** del antiguo tratamiento, y de una nueva capa, del **nuevo tratamiento** (MOTOR-NICKSIL) y **lapeado** final. Si es necesario se realiza también la soldadura de sobrerayas o surcos profundos presentes en la caña del cilindro.

MX GASKET KITS

**KIT GUARNIZIONI MX
KIT JOINTS
KIT JUNTAS**

EN **Athena** offers the widest range of replacement gaskets available on the market, strong in over 40 years of experience in the sector. Athena's gasket kits are based on solid know-how, continuous technological development achieved by its in-house team of engineers and designers and production that keeps strictly to parameters required by the OEMs. Athena offers the following kits:

- **Complete Kit***
- **Top-end Kit**
- **Race Gasket Kit**
- **Engine Oil Seals Kit**
- **Crankshaft Overhaul Kit**
- **Water Pump Seals Kit**

*for ease of consultation, kits with "900" in their product number include all engine oil seals (e.g. P400485900187 Full kit of engine gaskets + oil seals)

IT **Athena** offre la più ampia gamma di guarnizioni di ricambio disponibile sul mercato, vantando un'esperienza nel settore di oltre 40 anni. Alla base dei kit guarnizioni Athena ci sono un solido know-how, un costante sviluppo tecnologico condotto da un team interno di ingegneri e progettisti e una produzione eseguita seguendo rigorosamente gli stretti parametri imposti dalle case costruttrici.

Athena offre i seguenti kit:

- **Kit Completo***
- **Kit Smeriglio**
- **Race Gasket Kit**
- **Kit Paraolio Motore**
- **Kit Revisione Albero Motore**
- **Kit Guarnizioni Pompa Acqua**

*per una più facile consultazione, i kit che hanno desinenza "900" comprendono anche tutti i paraoli motore (es. P400485900187 Kit guarnizioni motore completo+paraolio)

FR **Athena** propose la plus vaste gamme de joints de rechange disponible sur le marché et peut se vanter d'une expérience de plus de 40 ans dans le secteur. À la base du kit joints Athena, on trouve un solide savoir-faire, un développement technologique constant mené par une équipe interne d'ingénieurs et de concepteurs, et d'une production exécutée selon de stricts paramètres imposés par les constructeurs.

Athena propose les kits suivants:

- **Kit complet***
- **Kit Haut moteur**
- **Race Gasket Kit**
- **Kit Déflexeur d'huile moteur**
- **Kit Révision vilebrequin**
- **Kit Joints pompe à eau**

*pour faciliter la consultation, les kits qui intègrent le chiffre « 900 » comprennent également tous les déflexeurs d'huile de moteur (par ex. P400485900187 Kit joints moteur complet+déflexeur d'huile)

ES **Athena** ofrece la más amplia gama de juntas de repuesto existente en el mercado, contando con una experiencia de más de 40 años en el sector. Los kits de juntas Athena se basan en un sólido saber hacer, un constante desarrollo tecnológico conducido por un equipo interno de ingenieros y proyectistas, y una producción que sigue rigurosamente los estrictos parámetros establecidos por los fabricantes.

Athena ofrece los siguientes kits:

- **Kit Completo***
- **Kit parte superior**
- **Race Gasket Kit**
- **Kit Colectores de aceite del motor**
- **Kit Revisión de cigüeñal**
- **Kit Juntas para bomba de agua**

*para facilitar la consulta, los kits con desinenza "900" incluyen todos los colectores de aceite de motor (ej. P400485900187 Kit juntas motor completo+colector de aceite)

- EN**
- **Complete Engine Gasket Kit***: contains all gaskets needed to overhaul the engine. For 4-stroke engines, the kit contains a valve cover gasket*. Valve guide oil seals are also included.
 - **Top-end Gasket Kit**: contains all gaskets needed to overhaul the cylinder head and combustion section of the engine. The valve cover kit for 4-stroke engines is not included, but can be purchased separately. Valve guide oil seals are also included.
 - **Race Kit**: This is created with top-quality materials, based on advice from the biggest motocross teams in the world. It includes the cylinder head gasket and two base gaskets, one of which is 0.1 mm thinner. The latter helps increase compression and reduce squish, for better engine performance.
 - **Engine Oil Seals Kit**: The kit includes all oil seals in the engine. Oil seals in this kit fully comply with OEM specifications.
 - **Crankshaft Re-building Kit**: The kit comprises 2 oil seals and 2 crankshaft bearings. Designed to high quality standards and created to avoid crankshaft friction and heat dissipation. Guaranteed reliability and performance.
 - **Water Pump Seals Kit**: Designed to exceed OEM specifications and created to resist high pressure and temperature, the Athena Water Pump Kit, easy to install and adaptable, includes: water pump seals, right side casing seal, water pump shaft oil seals and relative washers.

- IT**
- **Kit Guarnizioni Motore Completo***: comprende tutte le guarnizioni necessarie alla revisione del motore. Per i motori 4 tempi il kit contiene anche la guarnizione coperchio valvole*. Sono inclusi anche i paraolio guida valvola.
 - **Kit Guarnizioni Smeriglio**: comprende tutte le guarnizioni necessarie alla revisione della testa e della parte termica del motore. La guarnizione coperchio valvole per i motori 4 tempi, non presente in questo kit, può comunque essere acquistata singolarmente. Sono inclusi anche i paraolio guida valvola.
 - **Race Gasket Kit**: realizzato con materiali di prima scelta seguendo le indicazioni dei più importanti team mondiali MX. Comprende la guarnizione testa e due guarnizioni base, di cui una a spessore diminuito di 0.1 mm. Quest'ultima permette di aumentare la compressione e diminuire lo squish nella ricerca delle più alte prestazioni del motore.
 - **Kit Paraolio Motore**: il kit include tutti i paraolio presenti nel motore. I paraolio utilizzati in questi kit corrispondono fedelmente alle specifiche OEM.
 - **Kit Cuscinetti Paraolio Banco**: Il kit si compone dei 2 paraolio e dei 2 cuscinetti dell'albero motore. Progettato secondo elevati standard qualitativi e studiato per evitare attriti e dispersioni d'energia all'albero motore. Affidabilità e performance garantite.
 - **Kit Guarnizioni Pompa Acqua**: realizzato per superare le specifiche OEM e studiato per resistere a elevate pressioni e temperature, il Kit Pompa Acqua Athena si distingue per facilità di installazione ed adattabilità e comprende: guarnizione pompa acqua, guarnizione carter laterale destro, paraoli albero pompa acqua e relative rondelle.

- FR**
- **Kit complet:** comprend tous les joints nécessaires à la révision du moteur. Pour les moteurs à 4 temps, le kit contient également le joint du couvercle des soupapes*. Les déflecteurs d'huile guide soupape sont également inclus.
 - **Kit Haut moteur:** comprend tous les joints nécessaires à la révision de la tête et de la partie thermique du moteur. Le joint du couvercle des soupapes pour les moteurs à 4 temps, non présent dans ce kit, peut toutefois être acheté séparément. Les déflecteurs d'huile guide soupape sont également inclus.
 - **Race Gasket Kit:** conçu avec des matériaux de premier choix selon les indications des plus importantes équipes mondiales MX. Comprend le joint de la tête et deux joints de base, dont un d'une épaisseur réduite de 0,1 mm. Celle-ci permet d'augmenter la compression et de réduire l'effet de chasse lors de la recherche des meilleures performances du moteur.
 - **Kit Déflecteur d'huile moteur:** le kit comprend tous les déflecteurs d'huile présents dans le moteur. Les déflecteurs d'huile utilisés dans ces kits respectent fidèlement les spécifications OEM.
 - **Kit Révision vilebrequin:** le kit se compose des deux déflecteurs d'huile et des deux coussinets du vilebrequin. Conçu selon des normes de qualité élevées et étudié pour éviter au vilebrequin de subir des frictions et des dissipations d'énergie. Fiabilité et performances assurées.
 - **Kit Joints pompe à eau:** conçu pour dépasser les spécifications OEM et étudié pour résister à de très fortes pressions et températures, le Kit Pompe à eau Athena se distingue par sa facilité d'installation et son adaptabilité. Il comprend un joint pour la pompe à eau, un joint pour le carter latéral droit, des déflecteurs d'huile de l'axe de la pompe à eau et les rondelles correspondantes.
- ES**
- **Kit Completo:** incluye todas las juntas necesarias para la revisión del motor. Para los motores de 4 tiempos, el kit contiene también la junta de la tapa de las válvulas*. Además se incluyen los colectores de aceite de la guía de válvulas.
 - **Kit parte superior:** incluye todas las juntas necesarias para la revisión de la culata y la parte térmica del motor. La junta de la tapa de las válvulas para los motores de 4 tiempos, no incluida en este kit, se puede adquirir individualmente. Además se incluyen los colectores de aceite de la guía de válvulas.
 - **Race Gasket Kit:** realizado con materiales de primera selección siguiendo las indicaciones de los principales equipos mundiales de motocross. Incluye la junta para la culata y dos juntas de base, una de las cuales tiene un espesor 0,1 mm menor. Esta última permite aumentar la compresión y reducir el squish con el fin de mejorar las prestaciones del motor.
 - **Kit Colectores de aceite del motor:** el kit incluye todos los colectores de aceite del motor. Los colectores utilizados en estos kits responden fielmente a las especificaciones de los fabricantes de equipamiento original (OEM).
 - **Kit Revisión de cigüeñal:** El kit se compone de los 2 colectores de aceite y los 2 rodamientos del cigüeñal. Diseñado según elevados estándares de calidad y estudiado para evitar rozamientos y disipaciones de energía en el cigüeñal. Fiabilidad y prestaciones garantizadas.
 - **Kit Juntas para bomba de agua:** realizado para superar las especificaciones de los fabricantes de equipamiento original (OEM) y estudiado para resistir altas presiones y temperaturas, el kit Juntas para bomba de agua Athena se distingue por la facilidad de instalación y la adaptabilidad, e incluye: junta para bomba de agua, junta para cárter lateral derecho, colector de aceite del eje de la bomba de agua y arandelas.

MX SPARE GASKETS

**GUARNIZIONI SFUSE MX
JOINTS EN VRAC MX
JUNTAS SUELTAS**

- EN** In addition to kits, Athena supplies **the widest range of replacement gaskets** available on the market. Athena gaskets are the result of **over forty years of experience** in the sector, solid **know-how** and **advanced technical skills** in design and production.
Athena offers the following spare gaskets: cylinder head gaskets, cylinder base gaskets, exhaust gaskets, exhaust mufflers, intake gaskets, flywheel gaskets, clutch gaskets, valve cover gaskets, valve guide oil seals (10 pcs.), rubber mounts.
- IT** Oltre ai kit, Athena fornisce la più **ampia gamma di guarnizioni singole** di ricambio disponibile sul mercato. Alla base delle guarnizioni Athena ci sono **oltre quarant'anni di esperienza** nel settore, un solido **know-how** ed **elevate competenze tecniche** nella progettazione e in fase di produzione.
Athena offre le seguenti guarnizioni sfuse: guarnizioni testa cilindro, guarnizioni base cilindro, guarnizioni scarico, muffler, guarnizioni aspirazione, guarnizioni volano, guarnizioni frizione, guarnizioni coperchio valvole, paraolio guidavalvola (10pz), mounting rubber.
- FR** Outre les kits, Athena propose la **plus vaste gamme de joints simples** de rechange disponibles sur le marché. À la base des joints Athena, on trouve **plus de quarante ans d'expérience** dans le secteur, un solide **savoir-faire** et des **compétences techniques élevées** dans la conception et au stade de la production.
Athena offre les joints en vrac suivants : joints de tête de cylindre, joints de base de cylindre, joints de vidange, silencieux, joints d'aspiration, joints de volant, joints d'embrayage, joints du couvercle des soupapes, défecteurs guide soupape (10 unités), garniture en caoutchouc.
- ES** Además de los kits, Athena suministra la **más amplia gama de juntas sueltas** de repuesto existente en el mercado. Las juntas Athena son fruto de **más de cuarenta años de experiencia** en el sector, un sólido **saber hacer y altas competencias técnicas** en diseño y producción.
Athena ofrece las siguientes juntas a granel: juntas de culata de cilindro, juntas de base de cilindro, juntas de escape, silenciadores, juntas de admisión, juntas de volante, juntas de embrague, juntas para la tapa de las válvulas, colectores de aceite de guía de válvulas (10un.), juntas de montaje.

ATV GASKET KITS

KIT GUARNIZIONI ATV
KIT JOINTS ATV
KIT JUNTAS ATV

EN Athena also offers a **broad range of replacement gaskets** for **ATVs**. As with the MX gasket kits, the products are the result of over forty years of experience in the sector and advanced technical skills in design and production.

Athena offers the following kits:

- **Complete Kit***
- **Top-end Kit**
- **Engine Oil Seal Kit**
- **Crankshaft Overhaul Kit**

*for ease of consultation, kits with "900" in their product number include all engine oil seals (e.g. P400485900187 Full kit of engine gaskets + oil seals).

IT Anche per gli **ATV**, Athena fornisce un'**ampia gamma di guarnizioni** di ricambio. Come per i kit guarnizione MX, i prodotti nascono da oltre quarant'anni di esperienza nel settore e da elevate competenze tecniche nella progettazione e in fase di produzione.

Athena offre i seguenti kit:

- **Kit Completo***
- **Kit Smeriglio**
- **Kit Paraolio Motore**
- **Kit Revisione Albero Motore**

*per una più facile consultazione, i kit che hanno desinenza "900" comprendono anche tutti i paraolio motore (es. P400485900187 Kit guarnizioni motore completo+paraolio).

FR Pour les **ATV** aussi, Athena fournit une **vaste gamme de joints** de rechange. Comme pour les kits de joint MX, les produits résultent d'une expérience de plus de quarante ans dans le secteur et de compétences techniques élevées dans la conception et au stade de la production. Athena propose les kits suivants:

- **Kit complet***
- **Kit Haut moteur**
- **Kit Déflexeur d'huile moteur**
- **Kit Révision vilebrequin**

*pour faciliter la consultation, les kits qui intègrent le chiffre « 900 » comprennent également tous les déflexeurs d'huile de moteur (par ex. P400485900187 Kit joints moteur complet+déflexeur d'huile).

ES Athena suministra la más **amplia gama de juntas** de repuesto para **ATV**. Al igual que los kits de juntas MX, estos kits son fruto de más de cuarenta años de experiencia en el sector y altas competencias técnicas en diseño y producción.

Athena ofrece los siguientes kits:

- **Kit Completo***
- **Race Gasket Kit**
- **Kit Colectores de aceite del motor**
- **Kit Revisión de cigüeñal**

*para facilitar la consulta, los kits con desinencia "900" incluyen todos los colectores de aceite de motor (ej. P400485900187 Kit juntas motor completo+colector de aceite).

RAW MATERIALS

**MATERIE PRIME
MATIÈRES PREMIÈRES
MATERIAS PRIMAS**

- EN** Athena offers a range of gaskets with **excellent sealing** properties, available as sheets of **paper, cellulose, metal and rubber** and in various thicknesses, to meet all client requirements.
- IT** Athena offre una gamma di **materie prime per tenuta**, disponibili in fogli di materiale **cartaceo, cellulosa, metallo e gomma** e in vari spessori, a seconda delle esigenze del cliente.
- FR** Athena offre une gamme de **matières premières pour l'étanchéité**, disponibles sous forme de feuilles de matériau **papier, cellulose, métal et caoutchouc** et dans différentes épaisseurs, selon les besoins du client.
- ES** Athena ofrece una gama de **materias primas para juntas estancas**, disponibles en hojas de **papel, celulosa, metal y goma** y en varios espesores, de acuerdo con las exigencias del cliente.

WASHER KITS

RONDELLE
RONDELLES
ARANDELAS

- EN** Athena sealing washers are round gaskets with rectangular section, usually made of annealed **copper**, annealed **aluminium** and **fibre**. Using ductile elements like copper and aluminium ensures an **excellent seal**. The kit contains an assortment of 400 washers in all sizes.
- IT** Le rondelle di tenuta Athena sono guarnizioni di forma circolare a sezione rettangolare, solitamente realizzate in **rame** ricotto, **alluminio** ricotto e **fibra**. La duttilità degli elementi impiegati come rame e alluminio garantisce **ottima tenuta**. Il kit è composto da un assortimento di 400 rondelle di tutte le misure.
- FR** Les rondelles d'étanchéité Athena sont des joints de forme circulaires à section rectangulaire, généralement conçus en **cuivre** recuit, en **aluminium** recuit et en **fibre**. La ductilité des éléments employés comme le cuivre et l'aluminium assure une **étanchéité optimale**. Le kit se compose d'un ensemble de 400 rondelles de toutes dimensions.
- ES** Las arandelas estancas Athena son de forma circular con sección rectangular, y generalmente están realizadas en **cobre** recocido, **aluminio** recocido y **fibra**. La ductilidad de los elementos empleados, como el cobre y el aluminio, garantiza una **óptima estanqueidad**. El kit se compone de un surtido de 400 arandelas de todas las medidas.

CONNECTING RODS^{NEW}

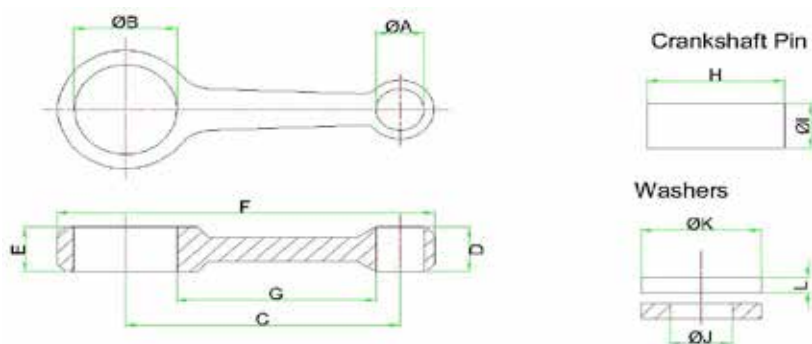

BIELLE
BIELLES
BIELAS

- EN** Brand **new entry to Athena's product range. Athena connecting rods** are made with similar materials to the OEM component to ensure the same performance. They are **excellent quality, light, resistant** and able to reduce rotational and alternating stresses. At a really competitive price, Athena Connecting Rod Kits include connecting rod, needle bearing(s) and crankpin. The kit may also include small end pin and shims.
- IT** Assoluta **new entry nella gamma prodotti Athena**. Realizzate con materiali analoghi al componente originale per assicurare lo stesso livello di resa, **le bielle Athena** sono un prodotto di **altissima qualità**, leggero, resistente e in grado di diminuire le masse rotanti e alterne. Ad un prezzo davvero competitivo, il Kit Biella Athena comprende biella, gabbia/e a rulli e perno della testa di biella. Il kit può comprendere in aggiunta anche gabbia del piede di biella e rasamenti.
- FR** **Nouvelle entrée dans la gamme des produits Athena**. Réalisées à l'aide de matériaux identiques au composant d'origine pour assurer le même niveau de rendement, **les bielles Athena** sont des produits de très **grande qualité, légers, résistants** et capables de réduire les masses en rotation et alternatives. Pour un prix vraiment compétitif, le kit Bielle Athena comprend la bielle, la ou les cages à galets et le pivot de la tête de bielle. Le kit peut comprendre également la cage du pied de bielle et les cotes.
- ES** **Gran novedad en la gama de productos Athena**. Realizadas con materiales análogos al componente original para asegurar el mismo nivel de rendimiento, **las bielas Athena** son un producto de **altísima calidad, ligero, resistente** y apto para reducir las masas rotantes y alternas. A un precio realmente competitivo, el Kit Biela Athena incluye biela, jaula(s) de rodamientos y perno de la cabeza de biela. Además, puede incluir jaula del pie de biela y juntas niveladoras.

- EN** Athena has worked with the main international MX teams to produce its updated **High Performance collection, a complete range** of cast and forged **pistons** for the main off-road 2- and 4-stroke models. A high-level offer to maintain and increase the bike's performance. **Perfect harmony between the materials** used in production (silicon, copper, nickel and aluminium alloys) means that Athena pistons **equal OEM parts for reliability** while, at the same time, guaranteeing **better resistance** and **excellent performance**.
- IT** Dalla collaborazione con i maggiori team mondiali MX, Athena presenta la rinnovata **linea High Performance**, una **gamma completa di pistoni** fusi e forgiati per i principali modelli Off-Road a 2 e 4 tempi. Un'offerta di assoluto livello, sia per mantenere che per aumentare le prestazioni della propria moto. Il **perfetto equilibrio fra i materiali** utilizzati in fase di produzione (silicio, rame, nickel e leghe di alluminio) consente ai pistoni Athena di raggiungere un livello di **affidabilità pari all'originale** e di garantire, allo stesso tempo, **maggior resistenza** e **ottime performance**.
- FR** Grâce à la collaboration avec les plus grandes équipes mondiales MX, Athena présente la **ligne High Performance renouvelée**, une **gamme complète de pistons** fondus et forgés pour les principaux modèles Off-Road à 2 et à 4 temps. Une offre d'un excellent niveau, tant pour le maintien des prestations que pour améliorer les performances de la moto. L'**équilibre parfait entre les matériaux** utilisés en phase de production (silice, cuivre, nickel et alliage d'aluminium) permet aux pistons Athena d'atteindre un niveau de **fiabilité équivalent à l'original** et d'assurer en même temps **plus de résistance** et **des performances optimales**.
- ES** A partir de la colaboración con los principales equipos mundiales de motocross, Athena presenta la renovada **línea High Performance**, una **gama completa de pistones** fundidos forjados para los principales modelos off-road de 2 y 4 tiempos. Una oferta de máximo nivel, tanto para mantener como para aumentar las prestaciones de la moto. El **equilibrio perfecto entre los materiales** empleados en la producción (silicio, cobre, níquel y aleaciones de aluminio) permite a los pistones Athena alcanzar el mismo nivel de **fiabilidad del original** y garantizar una **mayor resistencia** y **óptimas prestaciones**.

NEEDLE BEARINGS

GABBIE A RULLI
CAGES À GALETS
JAULAS DE RODAMIENTOS

- EN** **Athena needle bearings** attach to the gudgeon pin at the small end of the piston and enable **less frequent maintenance**, at an excellent price-quality ratio. **Available silver-plated**, they can be used under conditions of **great rotational speed, high temperatures** and **sudden acceleration**.
- IT** Le **gabbie a rulli Athena** vengono impiegate sullo spinotto all'estremità minore del pistone e permettono l'**allungamento degli intervalli di manutenzione** ad un ottimo rapporto qualità-prezzo. Disponibili con **trattamento superficiale argentato**, possono essere utilizzate in condizioni che prevedono **elevato regime di rotazione, alte temperature** e **accelerazioni repentine**.
- FR** Les **cages à galets Athena** sont utilisées sur la broche à l'extrémité inférieure du piston et elles permettent d'**allonger les intervalles d'entretien** pour un rapport qualité-prix optimal. Disponibles avec un **traitement de surface argenté**, elles peuvent être utilisées dans des conditions qui prévoient des **régimes de rotation élevés, de hautes températures** et des **accélération soudaines**.
- ES** Las **jaulas de rodamientos Athena** se emplean en la clavija del extremo menor del pistón y permiten **reducir la frecuencia de mantenimiento**, a una excelente relación calidad-precio. Disponibles con **tratamiento superficial plateado**, pueden utilizarse en condiciones que prevén un **régimen de rotación elevado, altas temperaturas** y **aceleraciones repentinas**.

TIMING CHAINS^{NEW}

**CATENE DI DISTRIBUZIONE
CHAÎNES DE DISTRIBUTION
CADENAS DE DISTRIBUCIÓN**

- EN** **Athena's new off-road timing chains** have been developed in direct partnership with brand leaders of the sector and the most important OEMs. The entire range is designed to optimise performance of all off-road motorbikes, guaranteeing **precision, silence, long life** and **reliability** at an extremely competitive price. The pins are manufactured using a special heat treatment and advanced technology during the component assembly phase, to increase surface hardness and prevent the chain stretching under heavy usage.
- IT** Le **nuove catene di distribuzione Off Road Athena** sono sviluppate in partnership diretta con i brand leader nel settore e le più importanti case costruttrici. L'intera gamma è concepita per ottimizzare la resa di tutte le moto da fuoristrada, garantendo **precisione, silenziosità, longevità** e **affidabilità** ad un prezzo estremamente concorrenziale. I perni sono prodotti sfruttando uno speciale trattamento termico e una tecnologia avanzata in fase di assemblaggio dei componenti, per aumentare la durezza superficiale e prevenire l'allungamento della catena in pesanti condizioni d'esercizio.
- FR** Les **nouvelles chaînes de distribution Off Road Athena** sont développées en partenariat direct avec les principales marques du secteur et les plus importants constructeurs. La gamme est entièrement conçue pour optimiser le rendement de toutes les motos tout-terrain, en assurant la **précision**, le **silence**, la **longévité** et la **fiabilité** à un prix très concurrentiel. Les pivots sont produits à l'aide d'un traitement thermique spécial et d'une technologie avancée en phase d'assemblage des composants, afin d'augmenter la dureté de la surface et de prévenir l'allongement de la chaîne dans des conditions d'utilisation difficiles.
- ES** Las **nuevas cadenas de distribución off-road Athena** han sido desarrolladas con la colaboración directa de las marcas líderes del sector y de los principales fabricantes. La gama en su conjunto está diseñada para optimizar el rendimiento de todas las motos off-road, garantizando **precisión, silencio, longevidad** y **fiabilidad** a un precio sumamente competitivo. Los pernos se realizan con un tratamiento térmico especial y una tecnología avanzada de ensamblaje de los componentes con el fin de aumentar la dureza superficial y prevenir el alargamiento de la cadena en condiciones de ejercicio severas.

AIR FILTERS

FILTRI ARIA
FILTRES À AIR
FILTROS DE AIRE

- EN** Athena has developed a **complete range** of very high-quality **air filters** for off-road and ATV vehicles. Athena air filters are **fireproof**, complying with the **ISO 3795** standard, and are made of double layered, open cell polyurethane. This special structure guarantees **perfect filtering** combined with **excellent air flow** under all conditions of use, at an absolutely competitive price. For ease of consultation, there are two possible ways to search: in order of application of make and model, or of all possible applications by single code.
- IT** Athena ha sviluppato una **gamma completa di filtri aria** di altissima qualità per moto Off - Road e ATV. I filtri Athena sono **ignifughi**, rispettano la normativa **ISO 3795** e sono realizzati in doppio strato con poliuretani a celle aperte. Questa speciale struttura garantisce un **perfetto filtraggio** combinato a un **eccellente passaggio d'aria** in ogni condizione d'utilizzo, ad un prezzo assolutamente competitivo.
Per praticità di consultazione abbiamo dato due possibilità di ricerca: la prima in ordine di applicazione di marca e modello e la seconda che elenca tutte le applicazioni possibili per singolo codice.
- FR** Athena a développé une **gamme complète de filtres à air** de très grande qualité pour motos Off-Road et ATV. Les filtres Athena sont **ignifuges** et ils respectent la norme **ISO 3795**. Ils sont réalisés sous forme de double couche en polyuréthane à alvéoles ouvertes. Cette structure spéciale garantit un **filtrage parfait** associé à un **excellent passage d'air** dans toutes les conditions d'utilisation, pour un prix tout à fait compétitif.
Pour faciliter la consultation, nous avons créé deux possibilités de recherche : la première dans l'ordre d'application de la marque et du modèle, et la seconde qui liste toutes les applications possibles par code.
- ES** Athena ha desarrollado una **gama completa de filtros** de aire de altísima calidad para motos off-road y ATV. Los filtros Athena son **ignífugos**, respetan la normativa **ISO 3795** y están realizados con dos capas de poliuretano de celdas abiertas. Esta estructura especial garantiza una **perfecta filtración** y un **excelente paso del aire** en cualquier condición de uso, a un precio absolutamente competitivo.
Para facilitar la consulta proporcionamos dos posibilidades de búsqueda: la primera, en orden de aplicación de marca y modelo, y la segunda, con la lista de todas las aplicaciones posibles de cada código.

DNA HIGH PERFORMANCE FILTERS

PRODUCT RANGE

Available only for italian market

- EN** Athena is the Italian distributor for **DNA air filters**. DNA filtering systems are a **new generation** of **multilayer**, cotton gauze, oil-impregnated air filters. **Successfully tested**, even under tough conditions like the Dakar Rally, DNA filters work better than traditional foam ones and can be used everywhere. Their **special design** and **high-tech production** process guarantees, under all conditions, **great air flow** and improved **trapping of dust**.
- IT** Athena è distributore per l'Italia dei **filtri aria DNA**. I sistemi filtranti DNA rappresentano una **nuova generazione** di filtri aria **multistrato** con garze di cotone impregnate d'olio. **Testati con successo** anche negli ambienti più duri come la Dakar, i filtri DNA ottengono risultati migliori rispetto a filtri tradizionali in spugna e possono essere utilizzati in qualsiasi ambito. Uno **speciale design** e un processo di **produzione Hi-Tech** garantiscono in ogni condizione un **elevato flusso d'aria**, con una capacità superiore di **trattamento della polvere**.
- FR** Athena est le distributeur en Italie des **filtres à air DNA**. Les systèmes de filtrages DNA représentent une **nouvelle génération** de filtres à air **stratifiés** à compresses de coton imprégnées d'huile. **Testés avec succès** notamment dans les environnements les plus difficiles comme le Dakar, les filtres DNA obtiennent des résultats supérieurs par rapport aux filtres traditionnels en éponge et ils peuvent être utilisés dans n'importe quel environnement. Un **design spécial** et un processus de **production Hi-Tech** garantissent dans toute condition un **flux d'air élevé**, avec une capacité supérieure de **traitement de la poussière**.
- ES** Athena es distribuidor de **filtros de aire DNA** para Italia. Los sistemas filtrantes DNA representan una **nueva generación** de filtros de aire **multicapa** con gasas de algodón impregnadas en aceite. **Probados con éxito** en los ambientes más severos, como la Dakar, los filtros DNA dan mejores resultados que los filtros tradicionales de espuma y se pueden utilizar en cualquier ámbito. Un **diseño especial** y un proceso de **producción de alta tecnología** garantizan en cualquier condición un **flujo de aire elevado** y una mejor capacidad de **tratamiento del polvo**.

BOYESEN

PRODUCT RANGE

- EN** For over 30 years, **Boyesen** has been designing and **manufacturing high-performance mechanical parts for off-road bikes**. Boyesen works with the principal international manufacturers to offer increasingly reliable, high-performance products.
Athena is the exclusive **European distributor** for the Boyesen range, which includes:
- **Dual Stage reed valve blades** in carbon and glass fibre
 - **Reed valves** that guarantee better throttle response
 - **Power Wing blades** to boost the power of 2- and 4-stroke engines
 - **Clutch and generator covers** made of ultra-light alloys that do not break
 - **Water pump kit**, to increase flow and reduce temperatures of 4-stroke engine cooling systems
 - **Shokout Grip System**, designed to dampen vibrations to the rider
 - **Carburetor float bowls**, with more room inside, designed to avoid fuel bogging.
- IT** Da più di 30 anni **Boyesen** è specializzata nella progettazione e **produzione di parti meccaniche ad alte performance per l'Off-Road**. Boyesen collabora con i principali costruttori mondiali per offrire prodotti sempre più affidabili e performanti.
Athena distribuisce in esclusiva **in tutta Europa** la gamma Boyesen, che comprende:
- **Lamelle valvola** Dual Stage in carbonio e vetronite
 - **Valvole lamellari** che garantiscono una migliore risposta in accelerazione
 - **Lamelle Powerwing** per aumentare la potenza dei motori a 2 e 4 tempi
 - **Coperchi frizione e generatore** realizzati in leghe superleggere, con alta resistenza alla rottura
 - **Kit pompa acqua**, per aumentare il flusso e ridurre le temperature del circuito di raffreddamento dei motori 4T
 - **Manopole Shokout**, progettate per attutire le vibrazioni trasmesse al pilota
 - **Vaschette carburatore**, con capacità interna aumentata e studiate per evitare reflussi di carburante.
- FR** Depuis plus de 30 ans, **Boyesen** est spécialisé dans la conception et la **production de pièces mécaniques à hautes performances pour l'Off-Road**. Boyesen collabore avec les principaux constructeurs mondiaux pour offrir des produits toujours plus fiables et performants.
Athena distribue en exclusivité **dans toute l'Europe** la gamme Boyesen, qui comprend:
- **Des lamelles de clapet** Dual Stage en carbone et en polychlorobiphényle
 - **Des clapets lamellaires** qui garantissent une meilleure réaction en accélération
 - **Des lamelles Powerwing** pour augmenter la puissance des moteurs à 2 et à 4 temps,
 - **Des couvercles d'embrayage e de générateur** réalisés en alliages ultralégers, hautement résistants à la rupture
 - **Un kit pompe à eau**, pour augmenter le flux et réduire les températures du circuit de refroidissement des moteurs 4T
 - **Des poignées Shokout**, conçues pour amortir les vibrations transmises au pilote
 - **Des flotteurs de carburateur**, à la capacité interne augmentée et étudiée pour éviter des refoulements de carburant.
- ES** Desde hace más de 30 años **Boyesen** está especializada en diseño y **producción de partes mecánicas de altas prestaciones para off-road**. Boyesen trabaja con los principales fabricantes mundiales para ofrecer productos cada vez más fiables y de altas prestaciones.
Athena distribuye en exclusiva **en toda Europa** la gama Boyesen, que incluye:
- **Láminas de válvula** Dual Stage de carbono y vetronita
 - **Válvulas laminares** que garantizan una mejor respuesta en aceleración
 - **Láminas Powerwing** para aumentar la potencia de los motores de 2 y 4 tiempos
 - **Tapas de embrague y generador** de aleaciones ultraligeras, con alta resistencia a la rotura
 - **Kits bomba de agua** para aumentar el flujo y reducir las temperaturas del circuito de refrigeración de los motores 4T
 - **Empuñaduras Shokout**, diseñadas para amortiguar las vibraciones transmitidas al piloto
 - **Cubetas de carburador** de mayor capacidad interna, diseñadas para prevenir los reflujos de combustible.

POWER REEDS

PERFORM DUAL-STAGE PERFORMANCE REED SYSTEM

FEATURING: **RC2** ULTRA FLOW TECHNOLOGY

MORE AIR.
MORE POWER.

THE EVOLUTION OF PERFORMANCE

- **T2 EPOXY**
The most durable materials. The most lifespan.
- **MS PLUS FLOW OPTIMIZATION**
One reed petal is NOT enough!

PRO SERIES

ULTIMATE ADVANCED CARBON DUAL-STAGE REEDS

FEATURING: **RC2** ULTRA FLOW TECHNOLOGY

ULTRA-RESPONSIVE.
MORE OVERREV.

THE BEST REED UPGRADE WORLDWIDE.

- **XCROSS DUAL CARBON WEAVE**
Model-Specific variable tension reed petals.
- **T2 EPOXY**
The most durable materials. The most lifespan.
- **MS PLUS FLOW OPTIMIZATION**
One reed petal is NOT enough!

Note: BOYPSR e BOYRL possono essere montati su pacchi lamellari originali e/o Boyesen.

Tutte le altre lamelle Boyesen montano solo su pacchi lamellari originali.

Notes: BOYPSR and BOYRL fits OEM and/or Boyesen Rad Valve.

All other Boyesen reeds fits only OEM Rad Valve.

RAD VALVE

ULTIMATE COMPLETE PERFORMANCE INTAKE SYSTEM

FEATURING:
RC2 ULTRA FLOW
TECHNOLOGY

MAXIMUM PERFORMANCE CRAFTED FOR YOU

THE ULTIMATE IN 2 STROKE PERFORMANCE

- **AERO OPTIMIZED INTERNAL SURFACING**
The Rad Valve is the ONLY air intake system available with aerodynamic internal surfacing.
- **XCROSS DUAL CARBON WEAVE**
Model-Specific variable tension reed petals.
- **T2 EPOXY**
The most durable materials. The most lifespan.
- **MS PLUS FLOW OPTIMIZATION**
One reed petal is NOT enough!

POWERXWING
AIR-SPEED PERFORMANCE INSERT

**INCREASED POWER.
INSTANT RESPONSE.**

POWER GAINS IN 2 STROKES AND 4 STROKES

- **INCREASES**
Horsepower and torque in 2-stroke and 4-stroke engines.
- **AERODYNAMIC**
Design maximizes velocity generation and power gain.
- **WING CHANNEL**
Minimizes disturbance at needle jet without affecting jetting curve.
- **PRECISION**
Fit doesn't reduce size of carburetor bore so there is no loss of power.

FACTORY COVERS™
CLUTCH & IGNITION
UPGRADE DURABLE OEM REPLACEMENT COVERS

FACTORY MEANS PERFORMANCE.

INCREASED DURABILITY OVER STOCK

FACTORY RACING

- Gives your bike the Factory Works look.
- 3 color choices: Black, Magnesium or Silver Vein
- Super-tough, powder-coated finish resists weathering and wear and tear.
- Cast Aluminum Alloy provides solid engine protection.
- Lightweight factory clutch covers provide years of outstanding protection; guaranteed not to warp.
- Seals perfectly to keep out dirt and moisture.
- Asbestos-free gasket is bound with nitrile for a tight, leak-free seal.

SUPERCooler™

PERFORM ENHANCED ENGINE COOLING SYSTEM

PERFORMANCE
BUILT FROM WITHIN

PROTECT YOUR ENGINE

- **ANTI-CAVITATION PERFORMANCE.**
Big inlets for increased flow and capacity.
- **SUPERIOR COOLANT FLOW DELIVERY.**
Simply the best in the world.
- **PROFLOW**
Patented anti-cavitation performance.

QUICKSHOT³
ADJUSTABLE LEAK JET

**ELIMINATES BOGGING.
INSTANT RESPONSE.**

THE ULTIMATE IN LEAK JET TUNING

FACTORY RACING

Motocross Action
★★★★★
FIVE STAR PRODUCT

QUICKSHOT²
INSTANT FUEL INJECTION

**ELIMINATES BOGGING.
INSTANT RESPONSE.**

FITS ALL Keihin FCR CARBS

FACTORY RACING

Motocross Action
★★★★★
FIVE STAR PRODUCT

- Tunable leak jet circuit maximizes volume of fuel and duration of fuel spray for any condition
- Investment cast and finished to precise tolerances
- Stops hesitation and bog
- Instant throttle response
- Improves low end performance
- Fits ALL Keihin FCR carbs
- Simple bolt-on

- Eliminates hesitation and bogging
- Provides instant response to throttle movements
- Reduces hot engine stalling
- Improves low end performance
- Bolt-on product that requires no modification

- EN** Athena has the **world's largest selection of fork oil and dust seal kits**. For specific applications, there is a single-sided fork spares kit containing a fork oil seal and a dust seal. Athena oil seals are **higher quality than OEM ones**, guaranteeing notable **performance** and **resistance** to high temperatures and abrasion.
- IT** Athena dispone della **gamma più completa al mondo di kit paraolio e parapolvere forcella**. Su specifiche applicazioni viene offerto un kit ricambio singolo stelo composto da un paraolio forcella ed un parapolvere. La **qualità** dei paraoli Athena è più **elevata del prodotto originale**, garantendo **prestazioni** notevoli e **resistenza** ad alte temperature e all'abrasione.
- FR** Athena dispose de la **gamme la plus complète au monde de kits déflecteur d'huile et de protections antipoussière de fourche**. Sur des applications spécifiques, un kit de rechange à tige unique composé d'un déflecteur d'huile et d'une protection antipoussière. La **qualité** des déflecteurs Athena est **supérieure au produit original**, et elle garantit des **prestations** remarquables et une **résistance** aux hautes températures et à l'abrasion.
- ES** Athena dispone de la **gama más completa a nivel mundial de kits colectores de aceite y colectores de polvo para horquilla**. Para aplicaciones específicas se ofrece un kit de repuesto individual compuesto por un colector de aceite y un colector de polvo. La **calidad** de los colectores de aceite Athena es **más elevada que la del producto original** y garantiza mayores **prestaciones** y **resistencia** a las altas temperaturas y a la abrasión.

WHEEL BEARING KITS **NEW**

**KIT PARAPOLVERE E
CUSCINETTI PER LA
REVISIONE DELLA RUOTA**

**KITS ANTIPOUSSIÈRE
ET DE COUSSINETS POUR
LA RÉVISION DE LA ROUE**

**ITS COLECTORES DE
POLVO Y RODAMIENTOS
PARA LA REVISIÓN DE
LA RUEDA**

- EN** Athena offers a **complete range** of dust seals and bearings kits for wheel overhaul. Athena kits cover **all off-road applications up to 10 years back** and are the **best alternative to original spares** for quick, accurate maintenance. These kits have an **excellent price-quality ratio** and contain 2 dust seals and 2 or 3 bearings, depending on whether kit is for front or rear wheel.
- IT** Athena propone una **gamma completa** di kit parapolvere e cuscinetti per la revisione della ruota. I kit Athena coprono tutte le **applicazioni Off-Road degli ultimi 10 anni** e rappresentano la **migliore alternativa al ricambio originale** per una manutenzione rapida e precisa. I kit si distinguono per un **ottimo rapporto qualità-prezzo** e comprendono 2 parapolvere e 2 o 3 cuscinetti, a seconda che il kit sia per la ruota anteriore o posteriore.
- FR** Athena propose une **gamme complète** de kits antipoussière et de coussinets pour la révision de la roue. Les kits Athena couvrent **toutes les applications Off-Road des 10 dernières années** et ils représentent la **meilleure alternative au rechange d'origine** pour un entretien rapide et précis. Les kits se distinguent par un **rapport qualité-prix optimal** et ils comprennent deux protections antipoussières et deux ou trois coussinets, selon que le kit est prévu pour la roue avant ou arrière.
- ES** Athena propone una **gama completa** de kits colectores de polvo y rodamientos para la revisión de la rueda. Los kits Athena abarcan **todas las aplicaciones off-road de los últimos 10 años** y constituyen la **mejor alternativa al repuesto original**, para un mantenimiento rápido y preciso. Los kits se distinguen por una **óptima relación calidad-precio** e incluyen 2 colectores de polvo y 2 o 3 rodamientos, según se trate del kit para rueda delantera o trasera.

ROULEMENTS
RODAMIENTOS

- EN** Athena offers a wide range of hardwearing SKF and Koyo bearings, perfect for very high speeds and very hot temperatures. Created for especially difficult applications, Athena bearings guarantee great performance and an **excellent price-quality ratio**.
- IT** Athena offre un'ampia gamma di cuscinetti SKF e Koyo robusti, idonei per velocità molto elevate e altissime temperature. Realizzati per soddisfare applicazioni particolarmente difficili i cuscinetti Athena garantiscono prestazioni notevoli ad un **ottimo rapporto qualità-prezzo**.
- FR** Athena offre une vaste gamme de roulements SKF et Koyo solides, adaptés aux vitesses très élevées et aux très hautes températures. Conçus pour satisfaire des applications particulièrement difficiles, les roulements Athena garantissent des prestations remarquables à un **excellent rapport qualité-prix**.
- ES** Athena ofrece una amplia gama de rodamientos SKF y Koyo sólidos, adecuados para altas velocidades y temperaturas. Realizados para el uso en aplicaciones particularmente difíciles, los rodamientos Athena garantizan prestaciones notables a una **excelente relación calidad-precio**.

DENOMINAZIONE	DESCRIZIONE CUSCINETTO	DESCRIZIONE TENUTA
C1	Giuoco interno inferiore a C2	
C2	Giuoco interno inferiore al normale	
C3	Giuoco interno maggiore del normale	
C4	Giuoco interno maggiore di C3	
C5	Giuoco interno maggiore di C4	
TN/TN9	Gabbia in materiale plastico / Gabbia in mat. plastico rinforzato	
RS1	Cuscinetto munito di uno schermo stagno da un lato	Gne strisciante in gomma + lamiera
2RS1	Cuscinetto munito di schermi stagno su entrambi i lati	Gne strisciante in gomma + lamiera
2RS	Cuscinetto munito di schermi stagno su entrambi i lati	Gne strisciante in gomma
2RSH	Doppio schermo in gomma (ruota)	Per cuscinetto ruota
2RZ	Cuscinetto munito di schermo a "basso atrito" da entrambi i lati	Schermo in lamiera non strisciante
Z	Cuscinetto munito da un lato di schermo di protezione	Schermo in lamiera non strisciante
2Z	Cuscinetto munito da entrambi i lati di schermo di protezione	Schermo in lamiera non strisciante

OIL SEALS

PARAOLIO SFUSI
DÉFLECTEUR D'HUILE
COLECTOR DE ACEITE

- EN** Athena has the **world's largest selection of oil seals**. Athena oil seals are **higher quality than OEM ones**, guaranteeing notable **performance** and **resistance** to high temperatures and abrasion.
- IT** Athena dispone della **gamma più completa al mondo di paraolio sfusi**. La **qualità** dei paraolio Athena è **più elevata del prodotto originale** e garantisce **prestazioni** notevoli, **resistenza** ad alte temperature e all'abrasione.
- FR** Athena dispose de la **gamme la plus complète au monde de déflecteur d'huile**. La **qualité** des déflecteurs Athena est **supérieure au produit original**, et elle garantit des **prestations** remarquables et une **résistance** aux hautes températures et à l'abrasion.
- ES** Athena dispone de la **gama más completa a nivel mundial de colector de aceite**. La **calidad** de los colectores de aceite Athena es **más elevada que la del producto original** y garantiza mayores **prestaciones** y **resistencia** a las altas temperaturas y a la abrasión.

FIBREGLASS WOOL

CODE: **S410 000 999 001**

**LANA DI VETRO
LAINE DE VERRE
LANA DE VIDRIO**

EN FIBREGLASS FOR 2- AND 4-STROKE SILENCERS

Available in 500 x 700 mm sheets with a density of 2.6 g/cm³

Athena offers fibreglass muffler packing for 2- and 4-stroke exhausts, designed to satisfy the strictest soundproofing requirements. This special fibreglass has **sustained resistance up to 550°C**, with maximum **peak of 800°C**. Its physical properties enable it to resist flashback occurring in high-performance 4-stroke engines and dirt build-up in 2-stroke engines.

IT LANA DI VETRO PER SILENZIATORI 2 E 4 TEMPI

Disponibile in fogli da 500 x 700 mm a densità 2,6 g/cm³

Athena offre lana di vetro fonoassorbente per silenziatori di scarico 2 e 4 tempi, studiata per soddisfare le più alte esigenze di insonorizzazione. Questa speciale lana di vetro ha capacità di **resistenza continua fino a 550°C** con **picco** massimo di **800°C**. Le caratteristiche fisiche le permettono di resistere ai ritorni di fiamma provocati dai motori 4 tempi ad alte prestazioni e all'imbrattamento provocato dall'olio nei motori 2 tempi.

FR LAINE DE VERRE POUR SILENCIEUX 2 ET 4 TEMPS

Disponible en feuilles de 500 x 700 mm à densité 2,6 g/cm³

Athena propose de la laine de verre insonorisante pour silencieux d'échappement à 2 et à 4 temps, conçue pour satisfaire les exigences d'insonorisation les plus élevées. Cette laine de verre spéciale a une capacité de **résistance continue jusqu'à 550°C** pour une **température maximale de 800°C**. Les caractéristiques physiques lui permettent de résister aux retours de flamme provoqués par les moteurs à 4 temps à prestations élevées et à l'encrassement provoqué par l'huile dans les moteurs à 2 temps.

ES LANA DE VIDRIO PARA SILENCIADORES DE 2 Y 4 TIEMPOS

Disponible en hojas de 500 x 700 mm con densidad 2,6 g/cm³

Athena ofrece lana de vidrio fonoabsorbente para silenciadores de escape de 2 y 4 tiempos, estudiada para responder a las más altas exigencias de insonorización. Esta lana de vidrio especial tiene una capacidad de **resistencia continua hasta los 550°C**, con un **pico** máximo de **800°C**. Las características físicas le permiten resistir los retornos de llama provocados por los motores de 4 tiempos de altas prestaciones y el ensuciamiento provocado por el aceite en los motores de 2 tiempos.

SEAT COVERS SELLE DALLA VALLE

PRODUCT RANGE

**COPRISELLA
COUVRE-SELLES
CUBRE ASIENTOS**

- EN** **Athena is the exclusive aftermarket distributor worldwide of Selle Dalla Valle** seat covers. Dalla Valle is an Italian company founded in 1970 and OEM supplier to some of the top motorcycle names. Dalla Valle products are used in **MX World Championships** and are the result of collaboration with the parent companies. SDV seat covers are unique for the scrupulous craftsmanship of their prototypes and the attention to detail of their standard production, which includes several work processes, sometimes hand-stitching.
- **FACTORY (black/blue)**: double-stitched seat cover, tested and developed by the best professional riders. Factory has **7 ribs** on the central seat for **improved grip**, enabling **maximum control of the bike** even under extreme driving conditions.
 - **RACING (black/blue)**: this model offers **uniform grip** over the entire surface of contact. Good for **muddy terrain** that makes the seat slippery and for more aggressive riders.
 - **WAVE (black/blue)**: wave has different grip areas: the front part has average grip, while the back section has padding to ensure a better non-slip action. Ideal for a dynamic ride and **more freedom of movement**, great for enduro enthusiasts as you can change position without getting up from the seat.
- IT** **Athena è distributore esclusivo mondiale aftermarket di coprisella Selle Dalla Valle**, produttore italiano dal 1970 e fornitore di primo equipaggiamento di alcune fra le più importanti case motociclistiche. I prodotti Dalla Valle vengono utilizzati in gara dai **campioni del Mondiale Motocross** e sono realizzati in collaborazione con le case madri. Ciò che rende unici i coprisella SDV sono la scrupolosità artigianale nella realizzazione dei prototipi e l'attenzione ai particolari nella produzione di serie, improntata su diverse lavorazioni anche manuali.
- **FACTORY (nero/blu)**: coprisella con doppie cuciture testato e sviluppato dai migliori piloti professionisti. Il modello Factory presenta un design a **7 coste** sulla seduta centrale per un'**aderenza superiore**, offrendo il **massimo controllo della moto** anche in condizioni di guida estreme.
 - **RACING (nero/blu)**: questo modello offre un grip uniforme su tutta la superficie di contatto. Adatto a chi corre su **terreni fangosi** che rendono la sella scivolosa e a chi predilige una guida più aggressiva.
 - **WAVE (nero/blu)**: il modello Wave presenta un Grip differenziato: parte anteriore a media tenuta, posteriore con rinforzi imbottiti per un'azione antiscivolo superiore. Adatto a chi ama una guida dinamica e **maggiore libertà di movimento**, è particolarmente indicata per chi pratica enduro poiché permette di cambiare posizione senza alzarsi dalla sella.
- FR** **Athena est le distributeur mondial exclusif pour le marché après-vente de couvre-selles Selle Dalla Valle**, fabricant italien depuis 1970 et fournisseur de première monte de certains des plus importants constructeurs de motos. Les produits Dalla Valle sont utilisés en compétition par les participants au **championnat du monde de motocross** et ils sont réalisés en collaboration avec les maisons-mères. Ce qui rend unique les couvre-selles SDV, c'est la méticulosité artisanale observée pour réaliser les prototypes, ainsi que l'attention aux détails dans la production en série adoptée sur différentes élaborations, notamment manuelles.
- **FACTORY (noir/bleu)**: couvre-selle à **double couture** testé et développé par les meilleurs pilotes professionnels. Le modèle Factory présente un **design à 7 côtes** sur l'assise centrale pour une **meilleure adhérence**, offrant ainsi un **contrôle maximal de la moto**, notamment dans des conditions de conduite extrême.
 - **RACING (noir/bleu)**: ce modèle offre une **adhérence uniforme** sur toute la surface de contact. Adapté aux personnes qui roulent sur des **terrains boueux** qui rendent la selle glissante et à ceux qui apprécient une conduite plus agressive.
 - **WAVE (noir/bleu)**: le modèle Wave possède une **adhérence différenciée**: la partie avant présente une tenue moyenne, tandis que la partie arrière a des renforts rembourrés pour une action antidérapante supérieure. Adapté à ceux qui recherchent une conduite dynamique et **plus de liberté de mouvement**, il est particulièrement **indiqué pour les personnes qui pratiquent l'enduro** car il permet de changer de positions sans se soulever de la selle.
- ES** **En el mercado de los repuestos, Athena es distribuidor mundial exclusivo** de cubre asientos **Selle Dalla Valle**, productor italiano desde 1970 y proveedor de equipamiento original de algunos de los principales fabricantes de motos. Los productos Dalla Valle son fabricados en colaboración con los fabricantes de motos y son utilizados en las competiciones por los campeones del **Mundial de Motocross**. Lo que hace únicos a los cubre asientos SDV son la meticulosidad artesanal en la realización de los prototipos y la atención a los detalles en la producción de serie, característica que marca las distintas elaboraciones, incluso manuales.
- **FACTORY (negro/azul)**: cubre asiento con **costuras dobles** probado y desarrollado por los mejores pilotos profesionales. El modelo Factory presenta un **diseño de 7 nervaduras** sobre el asiento central para una **adherencia superior**, ofreciendo el **máximo control de la moto** aun en condiciones de conducción extremas.
 - **RACING (negro/azul)**: este modelo ofrece un **agarre uniforme** sobre toda la superficie de contacto. Apto para correr sobre **terrenos fangosos** en los que el asiento se torna resbaladizo y para una conducción más agresiva.
 - **WAVE (negro/azul)**: el modelo Wave presenta un **agarre diferenciado**: parte delantera de retén medio y parte posterior con refuerzos acolchados para una acción antideslizante superior. Adecuado para quienes prefieren una conducción dinámica y una **mayor libertad de movimiento**, particularmente **indicado para practicar enduro**, ya que permite cambiar de posición sin necesidad de levantarse del asiento.

AP RACING

PRODUCT RANGE

Available only for italian market

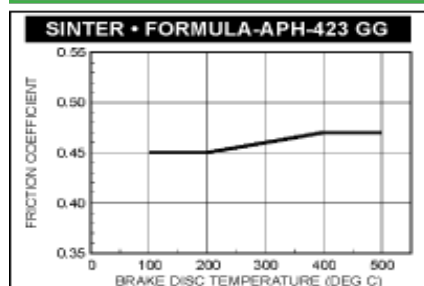

EN **Athena** is the exclusive distributor to the Italian market of the prestigious **AP Racing** range of brake pads. This UK company produces **top-quality sintered brake pads**. AP Racing products are universally used in all categories of motorcycle sports. They have **special lines** for the **Off-road** sector.

IT **Athena** è distributore esclusivo per il mercato italiano della prestigiosa gamma di pastiglie freno **AP Racing**. L'azienda inglese produce **pastiglie freno sinterizzate di altissima qualità**. I prodotti AP Racing sono universalmente utilizzati in tutte le categorie di sport motociclistici, offrendo delle **linee speciali** dedicate al mondo **Off-Road**.

FR **Athena** est le distributeur exclusif pour le marché italien de la prestigieuse gamme de plaquettes de frein **AP Racing**. L'entreprise britannique produit des **plaquettes de frein synthétiques de très haute qualité**. Les produits AP Racing sont universellement utilisés dans toutes les catégories de sport motocyclistes, offrant des **lignes spéciales** dédiées au monde **Off-Road**.

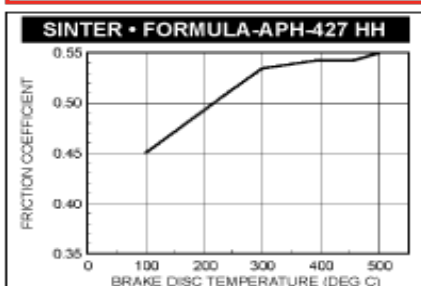

ES **Athena** es distribuidor exclusivo de la prestigiosa gama de pastillas de freno **AP Racing** para el mercado italiano. La empresa inglesa produce **pastillas de freno sinterizadas de altísima calidad**. Los productos AP Racing se utilizan universalmente en todas las categorías de deportes motociclisticos, con **líneas especiales** dedicadas al mundo **Off-road**.

OFF-ROAD MX

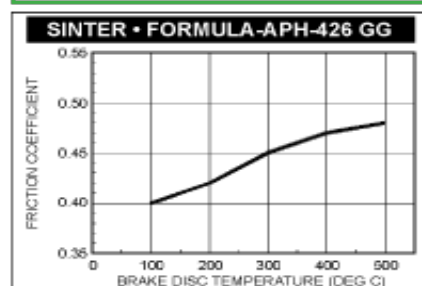

Part No. Example LMP 294 OR

RACING OFF-ROAD MX

Part No. Example LMP 390 ORR

OFF-ROAD ATV

Part No. Example LMP 387 AOR

- Mescola adatta a funzionare in condizioni ambientali estreme (fango, polvere) pur mantenendo buone prestazioni.
- Adatto per dischi di serie in acciaio inox.
- Mescola che garantisce le migliori prestazioni durante le gare.
- Adatto per dischi di serie in ghisa ed in acciaio inox.
- Per ottenere una migliore compatibilità in termini di rendimento e di resistenza all'usura di pastiglie e dischi in acciaio normali come quelli montati sui veicoli di trasferimento automatizzati, ATV di Arcticcat e Polaris, si raccomanda la nuova combinazione di rivestimento per freni dei veicoli fuoristrada, AOR.

8	AVVERTENZA: Per il kit ø 48 mm è necessario alesare il carter.	WARNING: For the kit ø 48 it is necessary to bore out the casing.	WARNING: For the kit ø 48 it is necessary to bore out the casing.
15	CONSIGLIO TECNICO: Il kit viene fornito con spinotto-pistone ø 10 mm come l'originale. Viste, però, le sollecitazioni meccaniche a cui il motore viene sottoposto, consigliamo di montare il kit con spinotto-pistone maggiorato a ø 12 mm (vedi sezione gruppo termico).	TECHNICAL ADVICE: The kit is supplied with piston pin-piston ø 10 mm as the original. In view of the mechanical stress we suggest to assemble the kit with increased pin-piston ø12 mm (see section Thermic Units). In this case we remind you to replace the original crankshaft with our crankshaft with increased piston pin ø12 mm (see section Crankshaft). SPECIFICATION TECHNIQUE: Adaptable aussi � moteurs avec aspiration du carter. Le groupe thermique est vendu sans le collecteur d'aspiration � 20 mm.	ESPECIFICACIONES T�cnicas: Adaptable a motores con aspiraci�n del carter. El kit viene sin el colector � 20 mm.	TECHNICAL SPECIFICATION: Adaptable to engines with casing suction. The cylinder kit is supplied without the intake manifold � 20 mm.	5
AVERTISSEMENT: S410485321001 bielle 85 mm seulement pour kit 80 cc Minarelli horizontal et verticale.	ADVERTENCIA: S410485321001 Biela 85 mm solo para el kit 80 cc Minarelli horizontal y vertical.	WARNING: S410485321001 connecting rod 85 mm only for kit 80 cc Minarelli horizontal and vertical.	6
AVERTISSEMENT: Pour le kit � 48 il faut al�ser le carter.	ADVERTENCIA: Para el kit � 48 es necesario afinar el carter.	WARNING: For the kit � 48 it is necessary to bore out the casing.	8
CONSEIL TECHNIQUE: Le kit est fourni avec un axe du piston-piston � 10 mm comme l'original. En raison des sollecitations m�caniques du moteur nous conseillons d'assembler le kit avec axe-piston major� � 12 mm (voir section Groupe Thermique). Dans ce cas nous rappelons de remplacer aussi le vilebrequin original par notre vilebrequin avec axe major� � 12mm (voir section Vilebrequins).	CONSEJO T�cnico: El kit viene equipado con bul�n-piston � 10 mm como el original. Pero aconsejamos montar el kit con bul�n-piston � 12 mm (Ver secci�n grupo)	TECHNICAL ADVICE: The kit is supplied with piston pin-piston � 10 mm as the original. In view of the mechanical stress we suggest to assemble the kit with increased pin-piston �12 mm (see section Thermic Units). In this case we remind you to replace the original crankshaft with our crankshaft with increased piston pin �12 mm (see section Crankshaft).	15
Sans joint culasse cylindre.	Sin junta culata.	Without cylinder head gasket.	18
071814: Vilebrequin sp�cial pour kit � 47,6 - 80cc (bielle 90 mm - course 44 mm - axe du piston � 12 mm). Cod. 072500 [kit sans culasse], cod. 072600 [kit avec culasse]. ATTENTION! Pour assembler ce vilebrequin il faut �largir le diametre de logement.	071814: Cig�e�al especial para el kit � 47,6 - 80 cc (biela 90 mm - carrera 44 mm - bul�n � 12 mm).	071814: special crankshaft for kit � 47,6 - 80 cc (connecting rod 90 mm - stroke 44 mm - piston pin � 12 mm). Cod. 072500 [kit without head], cod. 072600 [kit with head]. ATTENTION! To assemble this crankshaft it is necessary to bore out the housing diameter.	19
Sans joint couvercle de valve.	Sin junta tapa valvulas.	Without valve cover gasket.	20
N.B. Kit de transformation Sfera de 50 cc � 80 cc. Pour obtenir cette cylindr�e dans le kit il faut augmenter la course � 44 mm. Donc il faut commander le relatif vilebrtequin cod. 071814. ATTENTION! Pour assembler ce vilebrequin il faut �largir le diametr	N.B. Kit transformaci�n Sfera de 50 cc a 80 cc. Para obtener esta clindrada el kit viene aumentada la carrera a 44 mm. por lo tanto hay que pedir el cig�e�al cod. 071814.	N.B. Kit transformation Sfera from 50 cc to 80 cc. To get this cubic capacity in the kit the stroke must be increased to 44 mm. You need to order the relative crankshaft cod. 071814. ATTENTION! AVERTISSEMENT: Cette boÃ®te d'Ã©chappement ne peut pas Ãªtre montÃ©e sur les versions catalysÃ©es!	ATENCION: Este tubo de escape no se puede montar en los modelos catalizados!	ATENÇION: Este tubo de escape no se puede montar en los modelos catalizados!	58
AVERTISSEMENT: Pour l'installation du group thermique aux models YZ 125 LC 1997-1998, s'il vous plaÃ®t changer l'Ã©chappement original avec un model du 1999-2003 et pour les modÃ©les 1997-1999 il faut acheter 2 ressorts de torsion [soupape] originales Yamaha annÃ©e 2000-2003.	ATENCION: Para montar este grupo termico, en los modelos YZ 125 LC 1997-1998, hay que sustituir el tubo de escape original por version aÃ±o 1999-2003 y para los modelos 1997-1999 necessita pedir las dos muelles-torsion [valvula] original Yamaha aÃ±o 2000-2003.	ATENÇION: Para montar este grupo termico, en los modelos YZ 125 LC 1997-1998, hay que sustituir el tubo de escape original por version aÃ±o 1999-2003 y para los modelos 1997-1999 necessita pedir las dos muelles-torsion [valvula] original Yamaha aÃ±o 2000-2003.	59
N.B. Ce C.D.I. est dotÃ© d'un limiteur programmable qui peut Ãªtre activÃ© ou dÃ©sactivÃ© par un disjoncteur.	N.B. Esta unidad elÃ©ctrica tiene un dispositivo de limitacion que puede ser activado o inutilizado a travÃ©s de un interruptor.	N.B. Esta unidad electrica tiene un dispositivo de limitacion que puede ser activado o inutilizado de travÃ©s un interruptor.	60
N.B. Per scooter con avviamento elettrico.	N.B. Para scooter con arranque elÃ©ctrico.	N.B. Per scooter con avviamento elettrico.	61
P400485200001: La culasse extÃ©rieure et le dÃ©me inclus dans ce kit ne sont pas interchangeables avec lesquelles inclus dans le groupe thermique Athena Factory.	P400485200001: La culata externa y la cÃ¢pula incluida en este Kit no son intercambiables con la que viene en el Kit Athena Factory.	P400485200001: The outer cylinder head and the central head dome contained in this kit are not interchangeable with those contained in the Athena Factory kit.	63
Vilebrequin spÃ©cial RACING avec axe du piston ø 12: dans les kit origine avec axe du piston ø 10 nous conseillons d'assembler l'axe ø 12 qui rÃ©siste mieux aux sollicitations mÃ©caniques. Nous rappelons que ce vilebrequin doit Ãªtre assemblÃ© sur le kit avec axe du piston ø 12.	CigÃ©ndal especial RACING con Bulon ø 12: El Bulon ø 12 del Kit en origen monta Bulon de ø 10. Aconsejamos cambiarlo para una mayor resistencia mecÃ¡nica.	Special crankshaft RACING with piston pin ø 12: in the kits with piston pin ø 10 we suggest to assemble the piston pin ø 12 as it better resists the mechanical stress. We remind you that this crankshaft has to be assembled in kits with piston pin ø 12.	64
Vilebrequin spÃ©cial Racing conseillÃ© pour augmenter les performances et la fiabilitÃ© du kit 70 cc.	CigÃ©ndal Racing aconsejado para incrementar las prestaciones y la fiabilidad del Kit 70 cc.	Special crankshaft Racing suggested to increase performance and reliability of kit 70 cc.	66
068106: Pour assembler ce carburateur il faut acheter aussi le kit d'Ã©marrage Ã©lectrique, parce qu'il est diffÃ©rent de l'original (rÃ©f. 068206). Le jack de connexion a l'Ã©quipement Ã©lectrique est pareil. Monter avec le cable MOTION PRO 07-0857.	068106: Para montar este carburador es necesario adquirir tambiÃ©n el Kit starter electrico diferente del original [Cod. 068206]. El Kit de conexiÃ³n es igual. Para el montaje utilizar el CABLE MOTION PRO Cod. 07-0857.	068106: To assemble this carburettor it is necessary to buy also the electric starter kit as it is different from the original one [p/nr. 068206]. The connection jack to the electrical wiring is the same. Assembly with MOTION PRO 07-0857 cable.	67
Ce kit Athena dÃ©veloppe plus couple que la moto originale s'il est assemblÃ© avec un pot d'Ã©chappement et une unitÃ© Ã©lectronique OEM. Pour augmenter considÃ©rablement aussi la puissance Ã la roue [CV] il est nÃ©cessaire d'utiliser un pot d'Ã©chappement Racing	Este Kit ATHENA con el escape y la centralita de origen, desarrolla mas copia que la moto de origen, si quiere mas potencia en la rueda [CV] conviene utilizar, al menos, un escape racing.	This Athena cylinder kit assembled with OEM CDI and exhaust gets much more torque [Nxm] than OEM bike; in order to strongly increase also HP to the rear wheel it is necessary to use, at least, a Racing exhaust system.	68
067800: Seulement pour le modÃ©le RS SPORT 50.	067800: Olo para el modelo RS SPORT 50.	067800: Only for the model RS SPORT 50.	69
N.B. Ne pas employer cette unitÃ© Ã©lectronique avec le modÃ©le Gilera Runnner FX125 fourni de Quich Start et antivol.	N.B. No utilizar esta centralita para Gilera Runnner FX125 - con arranque y anti-robos.	N.B. Electronic unit not suitable for Gilera Runnner FX125 - model supplied with Quich Start and alarm.	70
059015: Cet engrenage ne s'adapte pas au moteur vertical Minarelli.	059015: Este engranaje no va bien para el motor Minarelli vertical.	059015: This gear doesn't fit to Minarelli vertical engine.	71
A partir du modÃ©le ZAPM19000	Desde el modelo ZAPM19000	From model ZAPM19000	74
ATTENTION! Pour assembler le kit cylindre P400485100030 ø 58 il faut faire l'alÃ©sage du carter moteur.	ATENCION: Para instalar el Grupo TÃ©rmico P400485100030 ø 58 es necesario seguir las marcas del Carter del Motor.	ATTENTION! To assemble the cylinder kit P400485100030 ø 58 you need to make the boring of the engine crankcase.	77
068106: Aucun carburateur \hautes performances\" n'a deux fils d'accÃ©lÃ©ration. Pour cette raison, il faut changer la poignÃ©e d'accÃ©lÃ©ration en la remplaÃ§ant avec une poignÃ©e douce d'un seul fil. Athena ne fournit pas la poignÃ©e et le fil de remplacement."	068106: No big-bore size carburattor has two throttle wires. For this reason, it is necessary to replace the two-wire throttle grip with a one-wire throttle grip. Athena doesn't provide the replacement grip and wire.	068106: No big-bore size carburattor has two throttle wires. For this reason, it is necessary to replace the two-wire throttle grip with a one-wire throttle grip. Athena doesn't provide the replacement grip and wire.	78

Per la testa cilindro scomponibile usare le guarnizioni S410485001162 e M752610370004.	IMPORTANT! For the monoblock cylinder head use the gaskets S410130001004, M751805150074, M751802031004. For the modular cylinder head use the gaskets S410485001162 and M752610370004.	ACHTUNG! FÄ¼r volle ZylinderkÄpf die Dichtungen S410130001004, M751805150074, M751802031004 verwenden. FÄ¼r geteilte ZylinderkÄpf die Dichtungen S410485001162 und M752610370004 verwenden.

Raccord catalyseur rÃ©f. S410485303020 pour pot dÃ©chappement Racing YZF-R125 rÃ©f. P400485120009 (vendu sÃ©parÃ©ment). Le pot dÃ©chappement P400485120009 sÃ©ulement homologuÃ© seulement sÃ©est assemblÃ© avec le raccord S410485303020. Attention: le pot dÃ©chappement peut Ãªtre montÃ© mÃªme sans le raccord catalyseur, mais en ce cas il nÃ©a pas dÃ©homologation.	Colector catalisado (ref. S410485303020) TOR CATALIZADO para tubo de escape YZF R125 Racing (ref. P400485120009) debe ser comprado por separado. El equipo de tubo de escape ref. P400485120009 se entiende homologado si esta ensamblado con el colector ref. S410485303020. AtenciÃ³n: el tubo de escape puede ser montado sin el colector tambiÃ©n, pero en este caso se pierde la homologaciÃ³n.	O colector catalisado (ref. S410485303020) para panela de escape YZF-R125 Racing (cod. P400485120009), deve ser comprado em separado. O silencioso ref. P400485120009 considera-se homologado apenas se estiver montado com o colector cod. S410485303020. Aviso: a panela de escape tambÃ©m pode ser montada sem o colector catalisado, neste caso a homologaÃ§Ã£o nÃ£o Ã© garantida.	707

GENERAL CONDITION OF SALE

Article 1 - CONTRACT PROVISIONS

1.1. The present general conditions, exception made for any written derogation/waiver, shall regulate all present and future contracts of sale between the parties. Any general conditions of the purchaser shall not apply to any relationship between the parties if not expressly accepted in writing. Nevertheless, in this case, exception made for any written derogation/waiver, the general conditions of the purchaser shall not prejudice the efficacy of the present general conditions and shall have to be coordinated therewith.

1.2. The reference that may be made to commercial terms (Ex Works, FOB, CIF, etc.) is understood to be made according to the Incoterms of the International Chamber of Commerce in the text in force at the moment of entering the contract.

1.3. All contract of sales between the parties as well as the present general conditions, shall be governed by the Italian law and in particular by the Uniform Law on international sale of goods, ratified by the Law of 21.6.1971, as well as the Uniform Law on the formation of contracts for the international sale of goods ratified on the same day. Any derogation or reference made by the parties to specific articles of the Italian law do not imply an exclusion of the enforcement of the Uniform Laws hereinabove, to the extent of their accordance with the contractual discipline.

1.4. The adhesion to the present general conditions, as well as all subsequent contracts and behaviour of the parties regulated hereby, if not otherwise agreed upon in writing, do not imply the granting to the purchaser of any exclusive right, the existence of any distributorship relation, commission or mandate, with or without agency, nor the granting to the purchaser of the right to use, in any form, the trade-marks or distinctive signs of the purchaser.

Article 2 - EXECUTION AND OBJECT OF THE CONTRACT

2.1. No offer made by agents, representatives and commercial intermediaries of Athena S.p.A. shall be binding if not confirmed by Athena itself.

2.2. During negotiations, the mere sending of the present general conditions shall not imply the acceptance of any offer; nevertheless the general conditions substitute and cancel any general conditions previously proposed by one of the parties.

2.3. The sending by Athena of a price-list or descriptive material of the product not expressly bearing the diction "offer" or an equivalent one, shall not be considered as a proposal. The diction "not binding", "if available" or similar ones inserted by Athena in an offer shall not bind the seller to the terms of the offer even in case of acceptance of said offer by the purchaser, exception made for subsequent written confirmation or conformable execution by Athena. Athena's offer shall be considered firm or irrevocable only if qualified as such in writing by Athena and if containing a validity term of the clause.

2.4. The acceptance of the contract by the purchaser, however effected, shall involve its adhesion to the present general conditions. In case Athena issues an order confirmation, even after entering the contract, it shall be presumed that the terms of the contract correspond to the terms of the order confirmation, except if the purchaser immediately communicates in writing the differences thereof.

2.5. The acceptance, with no expressed reserves by the purchaser of non conformable products for type or quantity shipped different from the terms contained in the purchaser's request, shall imply acceptance by the latter of both the supply and the conditions proposed by Athena. The reserves hereinabove (even if formulated as specifications or modifications of the delivery conditions) shall have no force if not given in writing by the purchaser, immediately after receiving the merchandise.

2.6. All recordings and registrations requested by the state of each party or in the country of destination of the goods, in order to give full efficacy to the contracts governed by the general conditions hereinabove or to one of their clauses, shall have to be carried out

by the purchaser at its own care and charge.

2.7. By consenting to these general conditions of sale, the purchaser undertakes not to sell products covered by the contract to trade operators working via e -marketplaces.

Article 3 - SAMPLES, TECHNICAL DRAWINGS AND DOCUMENTS

3.1. It is agreed that weights, dimensions, capacities, prices, performances, colors and other data contained in catalogs, prospects, circulars, advertisements, illustrations, price-lists or other illustrative Athena's documents, as well as the characteristics of samples and models sent by Athena to the purchaser, shall all constitute an approximate guide only. These data shall have binding value only if expressly mentioned as binding in the offer or in the written confirmation from Athena.

3.2. Unless otherwise agreed upon in writing, in case the offer or the acceptance of the purchaser refers to a sample offered by Athena, the latter shall be deemed committed to the characteristics of the sample only within the limits indicated in art. 3.1.

3.3. In case Athena bases its supply to a sample given by the purchaser, it shall be deemed responsible – unless otherwise agreed upon in writing – for the compliance of its services (within the limits set forth in art. 3.1.) only with the apparent characteristics of the sample.

3.4. Any technical drawing or document enabling the processing or assembling of the products sold or of parts of them given to the purchaser, whether before or after entering the contract, shall remain exclusive property of Athena. The drawing or documents hereinabove shall not be used by the purchaser nor copied, reproduced or transmitted to third parties without the Athena's consent.

Article 4 - WARRANTY

4.1. Save as in this general conditions expressed and unless otherwise agreed upon in writing from time to time, Athena shall guarantee the conformity of the supplied products to what expressly agreed. The warranty for defects shall be limited to the defects of products deriving from defects in planning, material or manufacturing attributable to Athena and shall not be valid in absence of the purchaser's proof of its correct use, maintenance and conservation and of no modification or repair to the products without Athena's consent.

4.2. The warranty shall have a limited duration of 12 months, beginning from the date of delivery and shall be subject to the regular claim made by the purchaser according to the following article, as well as the written request to the seller to carry out a warranty intervention. In order to comply with the request hereinabove, the Athena shall be committed (at its own option), within a reasonable period of the time according to the extent of the claim, alternatively:

- a) to supply the purchaser with products of the same kind and quantity of those proved defective or not in compliance with the agreement, free of charge and freight. In this case, Athena shall have the right to demand, at the expenses of the purchaser, the return of the defective goods, which become its own property;
- b) to repair, at its own expenses, the defective product or modify the product not in compliance with the agreement, carrying out said operation where the products are located or in its own factory. In these cases, all costs relating to the transportation of the products shall be at the purchaser's charge;
- c) to pay compensation for damages to the purchaser by crediting the purchaser an amount equal to the cost of repairing or modifying the products in its own factory;
- d) to declare in writing the termination of the contract, offering to refund the price paid against the return of the supplied products. Except for fraud or gross negligence of Athena, any compensation for damages to the purchaser shall not exceed the invoiced price of the claimed products.

4.3. All "Racing" products designed for competition are sold

without any express or implied warranty and Athena declines any responsibility.

4.4. The warranty hereinabove shall absorb and substitute the legal warranty for defects and lack of compliance and exclude any other seller's responsibility, however originated by the supplied products; in particular, the purchaser shall have no right to put forth any other claim for damages, reduction of the price or resolution of the contract. Upon the expiry of the warranty, no request can be made to Athena.

Article 5 - CLAIMS

5.1. The provisions of the Law of 21.6.1971, mentioned in art. 1 still remaining in force:

a) all claims regarding quantity, weight, color, or quality defects or lack of compliance that the purchaser could notice at the moment of receiving the goods, shall have to be carried out by the purchaser within a short time from the moment the goods reached their destination, however, under penalty of forfeiture, not beyond 15 days from said moment;

b) all hidden defects and non-conformities (more precisely all non-visible defects on the basis of the verification demanded to the seller by law and by the paragraph hereinabove) shall have to be denounced within a short time from their discovery and, however, under penalty of forfeiture, not beyond 12 months from the date of delivery.

5.2. All claims shall be sent via registered letter addressed to Athena and shall indicate in detail all defects or non conformities. Furthermore, they shall contain a cost estimation for repair or modification of the products on the spot, whenever possible. In absence of the requisites hereinabove, no claim shall be effective.

5.3. Should the claim be found groundless, the purchaser shall have to refund Athena with all the expenses made for the investigation (trips, appraisals, etc.). The same applies in the event that the claim result only partially grounded, up to a percentage not higher than 30% of the claim originally made.

5.4. Items returned for mistaken orders are subject to a 15% restocking fee to be deducted from the credit note, with a minimum charge of 20 Euro.

Article 6 - TECHNICAL SPECIFICATIONS AND MANUFACTURER'S RESPONSIBILITY

6.1. Being stated that, as far as the characteristics of the products are concerned, Athena shall follow the laws and technical rules in force in Italy and the purchaser shall assume the whole risk of any difference between the Italian provisions and the provisions of the country of destination of the products, holding Athena harmless.

6.2. Athena shall be responsible for damages to both persons and property caused by the products sold only in case of gross negligence in manufacturing the products hereinabove is proved; in no case shall Athena be deemed responsible for indirect or consequential damages, loss of production or lack of profit.

6.3. Exception made for the provisions hereinabove, the purchaser shall hold Athena harmless in case of third parties' actions based on responsibilities originated by the products sold to the purchaser and shall pay compensation for the damages resulting from such actions. Athena shall have the right to involve the purchaser who, for its part, shall take all necessary steps to intervene, in any legal action brought by third parties in connection with the products supplied.

Article 7 - DELIVERY

7.1. If not otherwise agreed upon in writing, any sale shall be deemed to be Ex Works, even if expressly agreed upon that the shipment (or part of it) shall effected by Athena; in this case, the latter shall act as agent of the purchaser, being agreed that the transportation shall be done at the risk and charge of the purchaser.

7.2. In case of delayed delivery, the purchaser shall have the right

to cancel the undelivered part of the order only after giving notice thereof to Athena by means of a registered letter with return receipt and after having granted Athena a period of 15 working days beginning from the receipt of such notice, within which Athena shall have the possibility of delivering all the products specified in the request and not yet delivered. However, any responsibility for damages caused by delay or lack of delivery, both total or partial, shall be excluded.

7.3. If not otherwise agreed upon, the Ex Works delivery of the products shall take place by means of a written notice thereof (even by telex) to the purchaser that the products are at its disposal; the purchaser shall have a period of time of 3 days from the sending of such notice to take delivery of the products.

7.4. Should the purchaser not take delivery of the merchandise within the terms set forth in the paragraph hereinabove, the purchaser shall have to reimburse all storage charges to Athena fixed in a lump sum equal to 10% of the amount of the invoice concerning said products for each week of delay. Furthermore, upon the expiry of a 30 days term, Athena shall have the right to sell the products on behalf of the purchaser, at any price, deducting from the return the whole amount due (regardless to the payment terms agreed upon), as well as any expenses borne thereof.

Article 8 - PAYMENT

8.1. Unless otherwise agreed upon in writing, payments shall be made at time of delivery or following the terms and conditions set forth from time to time in the offer. In case of payment by letter of credit, it shall have to be opened within a short time from the entering of the contract in the easiest form and in accordance with the provisions of the contract and shall have to be irrevocable and confirmed by a leading Italian bank. Any payment made to agents, representatives or commercial intermediaries of Athena shall not be deemed to have been carried out until the relevant sums are collected by Athena.

8.2. Any delay or irregularity in the payment shall grant Athena the right to suspend deliveries or to terminate the outstanding contracts even if not relevant to the payments at issue, as well as the right to claim damages. However, the seller shall have the right, beginning from due date of the payment, with no need for any intimation to pay, to obtain interests for delayed payment corresponding to the discount rate of the country of the seller increased by 7 points.

8.3. The purchaser shall be bound to fulfill its obligations of entire payment even in case of claims or controversy. In case of disputed amounts, the purchaser may, at its option, deposit the sums object of the controversy in an Italian bank until the controversy has been settled, binding the bank to transfer said sums to Athena should the controversy be settled in its favor. No compensation with any credit however arisen towards Athena shall be accepted.

Article 9 - RESERVATION OF TITLE

9.1. Should the payment be made – in whole or in part – after delivery, the delivered products remain property of the seller until the payment obligations have been entirely fulfilled, within the limits of the law of the country where said products are located.

9.2. The purchaser shall have the obligation to take all necessary steps to constitute, in the country where the products are located, a valid property reservation in the most extensive form permitted or to create a similar form of guarantee in favor of Athena.

Article 10 - FORCE MAJEURE

10.1. Should fires, collapses, floods, lack of supplies, transportation difficulties, strikes, lockouts or any events beyond control of the respective parties hinder or sensibly reduce the production in the factories of one of the parties, or prevent the transportation between the factories and the place of destination of the products, the injured party shall have the right to obtain a prorogation of the delivery or collection terms of the products of 45 days, provided that

timely notice of such event of force majeure is given to the other party. The prorogation term may be extended in the most critical cases to 90 days.

10.2. Upon the expiry of the terms hereinabove in the continuation of the event of force majeure, the other party shall have the right to terminate the contract by giving written notice thereof to the defaulting party by registered letter with return receipt. The defaulting party shall in this case have no obligation to pay damages.

10.3. Should the fulfillment of Athena's commitments, owing to any reason unforeseeable by an entrepreneur of the field with normal experience, have become – before their fulfillment – excessively onerous compared with the contractual obligation originally agreed upon, such as to modify the ratio by over 20 per cent, Athena shall have the right to request a revision of the contractual conditions or, failing such revision, to terminate the contract. In case of termination, all expenses borne by the purchaser for terminating the contract, shall have to be reimbursed to the purchaser.

Article 11 - ASSIGNMENT OF THE CONTRACT

11.1. The purchaser shall have no right to assign his position in the contract or in individual binding relationships deriving from the contract without Athena's written consent thereof. The purchaser remains, however, jointly and severally responsible with the assignee for the assigned obligations.

Article 12 - INTERPRETATION, MODIFICATION, INVALID CLAUSES

12.1. The Italian text of the present general conditions shall be the only authentic text for the interpretation thereof.

12.2. Any exhibit or preamble shall be considered part of the contracts they refer to. Any reference made to price-list, general conditions or other material either by Athena or by third parties, shall be deemed made to the documents in force at the moment of said reference, unless otherwise specified. All correspondent texts previously in force between the parties shall have to be considered cancelled.

12.3. The statements made or the behavior held by the parties during the execution of the contract may contribute to the interpretation only of the contract they refer to and only where not in contrast with the present general conditions or with the written agreements made by the parties at the time of entering the contract at issue.

12.4. Excepting the provisions set forth in articles 2.4. and 2.5., any modification or integration made by the parties to the contracts in connection with the present general conditions, shall be void unless set forth in writing. Any derogations to one or more dispositions of the present general conditions shall not be interpreted extensively or for analogy and shall not imply the will to disregard all present general conditions.

12.5. Unless otherwise agreed upon in writing, no variation to the contractual conditions between the parties shall constitute modification of the contract.

12.6. In case of invalidity or ineffective contractual provisions, the whole contract shall have to be integrated and interpreted as containing all the clauses that allow reaching, in compliance with the law, the essential aim pursued by the agreement containing the provisions hereinabove.

Article 13 - COMPETENT JURISDICTION

13.1. Any dispute relating to or however in connection with the contracts governed by the present general conditions shall be settled by the courts of Vicenza as the exclusive competent jurisdiction. The seller shall however have the right to take action in the Purchaser's Court.

CONDIZIONI GENERALI DI VENDITA

Art. 1 - NORMATIVA CONTRATTUALE

1.1. Le presenti condizioni generali, salvo eventuali deroghe specificatamente concordate per iscritto, disciplinano tutti gli attuali e futuri contratti di vendita fra le parti. Eventuali condizioni generali dell'acquirente non troveranno applicazione ai rapporti futuri fra le parti se non espressamente accettate per iscritto; in tal caso però, salvo deroga scritta, non escluderanno l'efficacia delle presenti condizioni generali, con cui dovranno venir coordinate.

1.2. Il riferimento ad eventuali termini commerciali (Franco Fabbrica, FOB, CIF, ecc.) si intenderà fatto agli Incoterms della Camera di Commercio Internazionale, nel testo in vigore al momento della conclusione del contratto.

1.3. Tutti i contratti di vendita fra le parti, nonché le presenti condizioni generali, saranno disciplinati dalla legge italiana, ed in particolare dalla legge uniforme sulla vendita internazionale di cose mobili materiali, ratificata con legge 21 giugno 1971, nonché dalla legge uniforme sulla formazione dei contratti di vendita internazionale di cose mobili materiali, ratificata in pari data; le eventuali deroghe o richiami delle parti a specifici articoli della legge italiana non implicano un'esclusione dell'applicazione delle succitate leggi uniformi per quanto compatibili con la disciplina contrattuale.

1.4. L'adesione alle presenti condizioni generali, nonché tutti i contratti ed i comportamenti successivi delle parti dalle stesse regolati, salvo diversa espressa pattuizione scritta non implicano il conferimento all'acquirente di esclusiva alcuna né l'instaurazione di rapporti di concessione, commissione o mandato, con o senza rappresentanza, come non conferiscono all'acquirente stesso il diritto ad utilizzare in qualunque forma i marchi od i segni distintivi del venditore.

Art. 2 - FORMAZIONE ED OGGETTO DEL CONTRATTO

2.1. Le offerte fatte da agenti, rappresentanti ed ausiliari di commercio di Athena S.p.A. non sono per essa impegnative fino a quando non siano confermate da Athena stessa.

2.2. L'invio delle presenti condizioni generali non implica di per sé accettazione di eventuali offerte, nell'ambito di trattative in corso; esse tuttavia sostituiscono ed annullano quelle in precedenza proposte da una delle parti.

2.3. L'invio da parte di Athena di listini prezzi o di materiale descrittivo dei prodotti non recante espressamente la dizione "offerta" od altra equivalente, non può venir considerato proposta. Le dizioni "senza impegno", "salvo disponibilità" od altre analoghe apposte da Athena ad un'offerta non vincolano la stessa ai termini dell'offerta anche in caso di accettazione dell'offerta stessa ad opera del compratore, salvo successiva conferma scritta od esecuzione conforme da parte di Athena. L'offerta si considera ferma od è irrevocabile soltanto se viene dallo stesso qualificata tale per iscritto ed è in essa specificato un termine di validità della clausola.

2.4. L'accettazione di un contratto da parte del compratore, comunque effettuata, comporta la sua adesione alle presenti condizioni generali. Nel caso in cui Athena abbia emesso, anche successivamente alla conclusione del contratto, una conferma d'ordine, si presume che i termini del contratto corrispondano a quelli della conferma d'ordine, salvo che il compratore non ne rilevi immediatamente per iscritto le differenze.

2.5. L'accettazione senza espressa riserva da parte del compratore di prodotti non conformi per tipo o quantità inviati a condizioni diverse da quelle contenute nella richiesta del compratore implica accettazione, da parte di quest'ultimo, della fornitura e delle condizioni proposte da Athena. Le suddette riserve (anche se formulate sotto forma di precisazioni o rettifiche delle condizioni di fornitura) non avranno efficacia se non saranno formulate dal compratore per iscritto, immediatamente dopo il ricevimento della merce.

2.6. Tutte le registrazioni o trascrizioni richieste dagli Stati dei contraenti o nel Paese di destinazione dei beni per dare piena

efficacia ai contratti disciplinati dalle presenti condizioni generali, o ad una loro clausola, dovranno essere effettuate dall'acquirente a proprie cure e spese.

2.7. Con l'adesione alle presenti condizioni generali di vendita, il compratore si impegna a non rivendere i prodotti contrattuali ad operatori professionali operanti mediante piattaforme on line (cd. e-marketplace).

Art. 3 - CAMPIONI, DISEGNI E DOCUMENTI TECNICI

3.1. I pesi, le dimensioni, le capacità, i prezzi, i rendimenti, i colori e gli altri dati figuranti nei cataloghi, prospetti, circolari, annunci pubblicitari, illustrazioni, listini prezzi, od altri documenti illustrativi di Athena, così come le caratteristiche dei campioni e modelli da quest'ultima inviati al compratore, hanno carattere di indicazioni approssimative. Questi dati non hanno valore impegnativo se non nella misura in cui siano stati espressamente menzionati come tali nell'offerta o nell'accettazione scritta di Athena.

3.2. Nel caso in cui l'offerta o l'accettazione del compratore facciano riferimento ad un campione offerto da Athena, si intende che questo, salvo diversa espressa pattuizione scritta, nella sua fornitura è vincolato alle caratteristiche del campione nei soli limiti indicati al punto 3.1.

3.3. Nel caso in cui Athena riferisca la sua fornitura ad un campione fornito dal compratore, Athena stessa sarà responsabile - salva diversa pattuizione scritta - della conformità della sua prestazione (nei limiti di cui sopra al punto 3.1.) alle sole caratteristiche apparenti del campione.

3.4. Qualsiasi disegno o documento tecnico che permetta la fabbricazione o il montaggio dei prodotti venduti o di loro parti e sia rimesso al compratore, tanto prima che dopo la stipulazione del contratto, rimane di esclusiva proprietà di Athena. I suddetti disegni o documenti non possono essere utilizzati dal compratore o copiati, riprodotti, trasmessi o comunicati a terzi senza il consenso scritto da parte di Athena.

Art. 4 - GARANZIA

4.1. Fuori dall'ambito di applicazione degli articoli precedenti, e fatto salvo quanto pattuito per iscritto di volta in volta fra le parti, Athena garantisce la conformità dei prodotti forniti a quanto espressamente concordato. La garanzia per vizi è limitata ai soli difetti dei prodotti conseguenti a difetti di progettazione, di materiale o di costruzione riconducibili ad Athena, e non si applica nel caso in cui il compratore non provi di aver effettuato un corretto uso, manutenzione e conservazione dei prodotti e di non averli modificati o riparati senza il consenso da parte di Athena.

4.2. La garanzia ha una durata limitata a 12 mesi, decorrenti dalla data della consegna, ed è subordinata alla regolare denuncia effettuata dal compratore ai sensi dell'articolo seguente, nonché all'espressa richiesta scritta ad Athena di effettuare un intervento in garanzia. In forza della suddetta richiesta Athena è tenuta (a sua scelta), entro un termine ragionevole avuto riguardo all'entità della contestazione, alternativamente:

a) a fornire gratuitamente Franco Fabbrica al compratore prodotti dello stesso genere e quantità di quelli risultati difettosi o non conformi a quanto pattuito; Athena può in tal caso esigere, a spese del compratore, la resa dei prodotti difettosi, che diventano di sua proprietà;

b) a riparare a proprie spese il prodotto difettoso o modificare quello non conforme al pattuito, effettuando le suddette operazioni in loco o presso i propri stabilimenti; in tali casi tutti i costi relativi al trasporto dei prodotti dovranno essere sopportati dal compratore;

c) a risarcire al compratore i danni, accreditandogli una somma pari al costo della riparazione o modificazione del prodotto presso i propri stabilimenti;

d) a dichiarare per iscritto la risoluzione del contratto, offrendo la restituzione del prezzo contro restituzione dei prodotti forniti. Salvo dolo o colpa grave da parte di Athena l'eventuale risarcimento danno

al compratore non potrà comunque superare il prezzo di fattura dei prodotti contestati.

4.3. Tutti i prodotti "Racing" destinati ad un uso agonistico-sportivo sono privi di ogni garanzia espressa od implicita ed Athena declina ogni responsabilità.

4.4. La garanzia di cui al presente articolo è assorbente e sostitutiva delle garanzie legali per vizi e conformità ed esclude ogni altra possibile responsabilità di Athena comunque originata dai prodotti forniti; in particolare il compratore non potrà avanzare altre richieste di risarcimento del danno, di riduzione del prezzo o di risoluzione del contratto. Decorsa la durata della garanzia nessuna pretesa potrà esser fatta valere nei confronti di Athena.

Art. 5 - RECLAMI E RESI

5.1. Ferme restando, in quanto applicabili, le disposizioni della legge 21 giugno 1971, di cui all'art. 1:

a) i reclami relativi a quantità, peso, tara totale, colore, oppure a vizi e difetti di qualità o non conformità che il compratore potrebbe rilevare non appena in possesso della merce, debbono essere effettuati dal compratore entro un breve termine dal momento in cui i prodotti sono pervenuti sul luogo di destinazione e comunque, a pena di decadenza, non oltre 15 giorni dal suddetto momento;

b) i vizi, difetti o non conformità occulti (cioè quelli non individuabili in base alla verifica imposta dalla legge e dal punto precedente al compratore) debbono essere denunciati entro un breve termine dalla scoperta e comunque, a pena di decadenza, non oltre 12 mesi dalla data della consegna.

5.2. I reclami devono essere effettuati mediante lettera raccomandata indirizzata ad Athena e devono indicare dettagliatamente i vizi o le non conformità contestate. Essi devono altresì contenere un preventivo dei costi di riparazione o modificazione dei prodotti in loco, ove possibile. In mancanza dei suddetti requisiti, ai reclami non potrà ricollegarsi efficacia alcuna.

5.3. Qualora il reclamo risulti infondato, il compratore sarà tenuto a risarcire ad Athena tutte le spese da questa sostenute per l'accertamento (viaggi, perizie, ecc.); uguale obbligo avrà il compratore se il reclamo risulti solo parzialmente fondato, per una percentuale non superiore al 30 per cento rispetto alle contestazioni originariamente effettuate.

5.4. Per resi merce dovuti a Vs. ordinazioni errate verrà applicata sulla nota di accredito una trattenuta del 15% sul valore della merce resa con un minimo di Euro 20.

Art. 6 - NORME TECNICHE E RESPONSABILITÀ DEL PRODUTTORE

6.1. Premesso che per ciò che concerne le caratteristiche dei prodotti Athena si attiene alla legislazione e alle norme tecniche in vigore in Italia, il compratore si assume per intero il rischio di un'eventuale difformità tra le norme italiane e quelle del Paese di destinazione dei prodotti, tenendone Athena indenne.

6.2. Athena è responsabile per danni a persone o cose, originati dai prodotti venduti, solo in caso di sua provata grave negligenza nella fabbricazione dei prodotti stessi; in nessun caso potrà essere ritenuto responsabile per danni indiretti o consequenziali, perdite di produzione o mancati profitti.

6.3. Fatto salvo quanto sopra previsto, il compratore manleverà Athena in tutte le azioni di terzi fondate su responsabilità originate dai prodotti vendutigli e risarcirà i danni derivanti dalle pretese in questione; Athena potrà coinvolgere il compratore – che dal canto suo dovrà prendere tutte le iniziative necessarie per intervenire – nel relativo giudizio intentato dai terzi.

Art.7 - CONSEGNA

7.1. Salvo diversa pattuizione scritta, la vendita si intende effettuata Franco Fabbrica: ciò anche ove sia pattuito che la spedizione (o parte di essa) venga curata da Athena, nel qual caso quest'ultimo agirà come mandatario del compratore, essendo inteso che il trasporto verrà effettuato a spese e rischio di quest'ultimo.

7.2. In caso di ritardata consegna, l'acquirente potrà annullare la parte dell'ordine non consegnata solo dopo aver comunicato ad Athena, mediante raccomandata con ricevuta di ritorno, tale sua intenzione e dopo avergli accordato 15 giorni feriali a partire dal ricevimento di tale comunicazione, entro i quali Athena potrà consegnare tutti i prodotti specificati nel sollecito e non già consegnati. E' comunque esclusa qualsiasi responsabilità per danni derivanti da ritardo o mancata consegna, totale o parziale.

7.3. Se non diversamente pattuito, la consegna Franco Fabbrica dei prodotti avviene mediante invio di comunicazione scritta (anche via telex) al compratore che i prodotti sono a sua disposizione; il compratore avrà giorni di tempo dall'invio di tale comunicazione per provvedere al ritiro.

7.4. Ove il compratore non provveda al ritiro dei prodotti nei termini previsti dal paragrafo precedente, dovrà rimborsare ad Athena le spese di magazzinaggio, forfetariamente fissate in misura pari al 10% dell'importo della fattura relativa ai prodotti stessi per ogni settimana di ritardo; decorsi 30 giorni Athena potrà inoltre vendere con qualsiasi mezzo i prodotti per conto del compratore, trattenendo dal ricavato l'intero prezzo dovuto (quali che siano i termini di pagamento pattuiti) nonché le spese sostenute.

Art. 8 - PAGAMENTO

8.1. Il pagamento dovrà essere effettuato, salvo diverso accordo scritto, contestualmente alla consegna o nei modi e nei termini indicati di volta in volta in offerta. In caso di pagamento mediante lettera di credito, questa dovrà essere aperta entro breve termine dalla conclusione del contratto nella forma più semplice e conforme alle previsioni del contratto, dovrà essere irrevocabile e confermata da primaria banca italiana. Eventuali pagamenti fatti ad agenti, rappresentanti o ausiliari di commercio di Athena non si intendono effettuati finché le relative somme non pervengano alla stessa.

8.2. Qualsiasi ritardo o irregolarità nel pagamento dà ad Athena il diritto di sospendere le forniture o di risolvere i contratti in corso, anche se non relativi ai pagamenti in questione, nonché il diritto al risarcimento degli eventuali danni. Athena ha comunque diritto – a decorrere dalla scadenza del pagamento, senza necessità di messa in mora – agli interessi moratori nella misura del tasso di sconto in vigore nel proprio Paese, aumentato di 7 punti.

8.3. Il compratore è tenuto al pagamento integrale anche in caso di contestazione o controversia. Tuttavia, per quanto riguarda eventuali somme controverse, ha la facoltà di depositarle presso una Banca Italiana fino a quando la controversia non sia stata risolta, vincolando la banca a trasmettere tali somme ad Athena in caso di risoluzione della controversia in senso favorevole a quest'ultima. Non è ammessa compensazione con eventuali crediti, comunque insorti, nei confronti di Athena.

Art. 9 - RISERVA DI PROPRIETÀ

9.1. Nel caso in cui il pagamento debba essere effettuato – in tutto od in parte – dopo la consegna, i prodotti consegnati restano di proprietà di Athena sino al momento del completo pagamento del prezzo nella misura permessa dalla legge del Paese dove i prodotti si trovano.

9.2. Il compratore si impegna a fare quanto necessario per costituire nel suddetto Paese una valida riserva di proprietà nella forma più estesa consentita, o per porre in essere un'analoga forma di garanzia a favore di Athena.

Art.10 - FORZA MAGGIORE ED ECCESSIVA ONEROSITÀ

10.1. Quando si verifichino incendi, crolli, inondazioni, mancanza di rifornimenti, perturbazioni nei trasporti, scioperi, serrate o altri eventi dovuti a casi di forza maggiore, che impediscano o riducano sensibilmente la produzione negli stabilimenti di Athena o blocchino i trasporti fra lo stabilimento di Athena ed il luogo di destinazione dei prodotti, il contraente colpito ha diritto ad una proroga fino a 45 giorni (estensibili a 90 nei casi più gravi) dei termini di consegna

o ritiro dei prodotti, purché avvisi tempestivamente per iscritto la controparte del verificarsi del caso di forza maggiore.

10.2. Trascorsi i termini di cui sopra e permanendo la situazione di forza maggiore, l'altra parte potrà risolvere il contratto, facendone pervenire comunicazione scritta con lettera raccomandata con ricevuta di ritorno alla parte inadempiente. Quest'ultima non avrà in tal caso alcun obbligo al risarcimento dei danni.

10.3. Se, per qualsiasi altro motivo imprevedibile ad un imprenditore del settore con normale esperienza, l'esecuzione degli obblighi di Athena sia divenuta – prima della loro esecuzione – eccessivamente onerosa in rapporto alla controprestazione originariamente pattuita, così da modificare il rapporto stesso per più del 20 per cento, Athena può chiedere una revisione delle condizioni contrattuali e, in mancanza, dichiarare risolto il contratto. In quest'ultimo caso però devono essere risarcite al compratore le spese dal medesimo sostenute in occasione del contratto risolto.

Art. 11 - CESSIONE DEL CONTRATTO

11.1. Il compratore non può cedere la sua posizione nel contratto od in singoli rapporti obbligatori da questo derivanti senza l'accettazione scritta del venditore: anche in tal caso il compratore rimane comunque solidalmente responsabile col cessionario per le obbligazioni cedute.

Art. 12 - INTERPRETAZIONE, MODIFICHE, CLAUSOLE INVALIDE

12.1. Per l'interpretazione delle presenti condizioni generali fa fede unicamente il testo italiano delle stesse.

12.2. Eventuali allegati o premesse si intendono parte integrante dei contratti cui si riferiscono. Ogni richiamo ai listini prezzi, condizioni generali od altro materiale di Athena o di terzi si intende riferito ai documenti in vigore al momento del richiamo stesso, salvo non sia diversamente specificato; devono ritenersi annullati i testi corrispondenti in precedenza in vigore fra le parti.

12.3. Le dichiarazioni effettuate od il comportamento tenuto dalle parti durante le trattative o nel corso dell'esecuzione del contratto possono contribuire all'interpretazione del solo contratto cui si riferiscono, e nei limiti in cui non contrastino con le presenti condizioni generali o con gli accordi scritti presi dalle parti in occasione della conclusione del contratto in questione.

12.4. Salvo quanto sopra previsto agli artt. 2.4. e 2.5., ogni modifica od integrazione fatta dalle parti ai contratti cui si applicano le presenti condizioni generali dovrà essere effettuata per iscritto, a pena di nullità. La deroga ad una o più disposizioni delle presenti condizioni generali non deve interpretarsi estensivamente o per analogia e non implica la volontà di disapplicare le condizioni generali nel loro insieme.

12.5. Eventuali variazioni delle condizioni contrattuali concordate tra le parti non costituiscono novazione del contratto, salvo espressa volontà contraria, risultante per iscritto.

12.6. In caso di disposizioni contrattuali invalide od inefficaci, il contratto nella sua globalità va integrato ed interpretato come se contenesse tutte le clausole che, consentono di raggiungere, in modo conforme alla legge, lo scopo essenziale perseguito dall'accordo contenente le clausole in questione.

Art. 13 - FORO COMPETENTE

13.1. Per ogni controversia relativa o comunque collegata ai contratti cui si applicano le presenti condizioni generali è esclusivamente competente il foro di Vicenza; Athena avrà tuttavia facoltà di agire presso il foro dell'acquirente.

CONDITIONS GÉNÉRALES DE VENTE

Article 1 - RÈGLEMENT CONTRACTUEL

1.1. Les présentes conditions générales, sauf éventuelles dérogations fixées par écrit, règlent tous les contrats actuels et futurs de la vente entre les parties. Les conditions générales éventuelles de l'acheteur ne s'appliqueront pas aux relations futures entre les parties sauf acceptation expresse par écrit; dans ce cas, toutefois, sauf dérogation accordée par écrit, elles n'excluront pas l'efficacité des présentes conditions générales, avec lesquelles elles devront être coordonnées.

1.2. La référence à d'éventuelles conditions commerciales (EXW, FOB, CIF, etc.) est relative aux Incoterms de la Chambre de Commerce Internationale, en vigueur à la conclusion du contrat.

1.3. Tous les contrats de vente entre les parties, ainsi que les présentes conditions générales, seront régis par la loi italienne, et en particulier par la loi uniforme sur la vente internationale de marchandises, ratifiée par la loi du 21 juin 1971, et par la loi uniforme sur la formation des contrats de vente mobilière corporelle internationale, ratifiée à la même date; les dérogations ou rappels éventuels des parties aux articles spécifiques de la loi italienne n'impliquent pas une exclusion de l'application des lois uniformes susmentionnées du moment qu'ils soient compatibles avec le règlement contractuel.

1.4. Le respect de ces conditions générales, ainsi que tous les contrats et comportements ultérieurs des parties régies par celles-ci, sauf convention contraire expresse par écrit n'impliquent pas la concession à l'acquéreur d'aucuns droits exclusifs ni l'instauration de rapports de concession, commission ou mandat, avec ou sans représentation, comme ils ne confèrent pas à l'acheteur le droit d'utiliser les marques ou signes distinctifs du vendeur, sous toutes leurs formes.

Article 2 - FORMATION ET OBJET DU CONTRAT

2.1. Les offres faites par les agents, représentants et auxiliaires de commerce d'Athena S.p.A. n'engagent en aucune sorte jusqu'à ce qu'elles soient confirmées par Athena même.

2.2. L'envoi des présentes conditions générales n'implique pas l'acceptation de toute forme d'offre, dans le cadre des négociations en cours, cependant, lesdites conditions générales remplacent et annulent celles qui ont précédemment proposées par chacune des parties.

2.3. L'envoi de la part d'Athena de listes de prix ou matériel descriptif qui ne présente pas le terme «offre» ou autre équivalent, ne peut être considéré comme une proposition. Le terme «sans engagement», «si disponible» ou des autres termes semblables apposés par Athena n'engagent pas cette dernière aux conditions de l'offre même en cas d'acceptation de l'offre de la part de l'acquéreur, sauf après confirmation écrite ou exécution conforme de la part d'Athena. L'offre est considérée comme ferme ou irrévocable uniquement si elle est qualifiée comme telle par l'acquéreur avec une confirmation écrite précisant une durée de validité de la clause.

2.4. L'acceptation d'un contrat par l'acquéreur, peu importe la façon dont elle est effectuée, implique son adhésion aux présentes conditions générales. Si Athena émet une confirmation de commande, même successivement à la conclusion du contrat, il est réputé que les conditions du contrat correspondent à ceux de la confirmation de la commande, sauf si l'acquéreur en constate immédiatement les différences par écrit.

2.5. L'acceptation sans réserve expresse de la part de l'acquéreur des produits non conformes au type ou à la quantité envoyés à des conditions différentes de celles contenues dans la demande de l'acquéreur, implique l'acceptation par celui-ci de la fourniture et des conditions proposées par Athena. Les réserves susmentionnées (même si elles sont formulées sous la forme de précision ou de rectification des conditions de fourniture) ne seront pas efficaces à moins d'être formulées par écrit par l'acquéreur, immédiatement après réception des marchandises.

2.6. Tous les enregistrements ou transcriptions demandées par les

États contractants ou dans le pays de destination des marchandises pour donner plein effet aux contrats réglementés par ces conditions générales, ou à une de leurs clauses, devront être faits par l'acquéreur à ses propres frais et soins.

2.7. En acceptant les présentes Conditions Générales de Vente, l'acquéreur s'engage à ne pas revendre les produits contractuels à des opérateurs professionnels qui opèrent par l'intermédiaire de plateformes en ligne (e-marketplace).

Article 3 - ÉCHANTILLONS, DESSINS ET DOCUMENTS TECHNIQUES

3.1. Les poids, dimensions, capacités, prix, rendements, couleurs et autres données contenues dans les catalogues, brochures, circulaires, annonces, illustrations, listes de prix ou autres documents d'illustration d'Athéna, ainsi que les caractéristiques des échantillons et modèles de cette dernière a envoyé à l'acquéreur, ont un caractère d'indications approximatives. Ces données ne sont pas contraignantes, sauf dans la mesure où elles sont expressément mentionnées comme telles dans l'offre ou dans l'acceptation écrite d'Athéna.

3.2. Dans le cas où l'offre ou l'acceptation de l'acquéreur font référence à un échantillon offert par Athena, il est réputé que l'acquéreur, sauf convention contraire expresse par écrit, est lié dans son approvisionnement aux caractéristiques de l'échantillon dans les limites décrites dans la section 3.1.

3.3. Dans le cas où Athéna réfère sa fourniture à un échantillon fourni par l'acheteur Athena même - sauf accord contraire par écrit - sera responsable de la conformité de sa performance (dans les limites susmentionnées dans la section 3.1.) aux seules caractéristiques apparentes de l'échantillon.

3.4. Tout dessin ou document technique permettant la fabrication ou le montage des produits vendus ou de leurs parties et étant remis à l'acquéreur, qu'il s'agisse d'avant ou après la stipulation du contrat, demeure l'exclusive propriété d'Athéna. Ces dessins ou documents ne peuvent pas être utilisés par l'acquéreur ou copiés, reproduits, transmis ou communiqués à des tiers sans le consentement écrit d'Athéna.

Article 4 - GARANTIE

4.1. En dehors de la portée des articles précédents, et sauf tel que convenu par écrit selon le cas entre les parties, Athena assure la conformité des produits fournis à ce qui a été expressément convenu. La garantie pour les défauts est limitée aux défauts des produits résultant de défauts de conception, de matériau ou de construction qu'on peut ramener à Athéna, et ne s'applique pas si l'acquéreur ne donne pas la preuve qu'il a fait une bonne utilisation, entretien et entreposage des produits et ne les a pas modifiés ou réparés sans le consentement de la part d'Athéna.

4.2. La période de garantie est limitée à 12 mois à compter de la date de la livraison, et fait l'objet de la plainte régulière faite par l'acquéreur conformément à l'article suivant, ainsi que l'expresse demande écrite à Athena d'effectuer une demande de garantie. En vertu de cette demande Athena doit (à son choix), dans un délai de temps raisonnable dû à l'entité de la contestation, alternativement: a) fournir gratuitement EXW à l'acquéreur des produits du même genre et quantité que ceux trouvés défectueux ou non conformes aux spécifications convenues, Athéna, dans ce cas peut exiger, à la charge de l'acquéreur, le rendement des produits défectueux, qui deviennent de sa propriété;

b) réparer le produit défectueux à ses propres frais, ou un changement qui n'est pas conforme à celui convenu, en effectuant les opérations ci-dessus sur le site ou dans ses usines; en ce cas tous les coûts liés au transport des produits seront supportés par l'acquéreur;

c) payer des dommages à l'acquéreur, en l'accréditant un montant égal au coût de la réparation ou modification du produit auprès de leurs établissements; d) indiquer par écrit la résiliation du

contrat, offrant de rembourser le prix contre le retour des produits fournis. Sauf faute grave ou intentionnelle de la part d'Athena, le remboursement éventuel pour tout dommage causé à l'acheteur ne peut pas dépasser le prix facturé des marchandises contestées.

4.3. Tous les produits Racing utilisés à des fins anarchiques ne sont soumis à aucune garantie. Athena en décline toute responsabilité.

4.4. La garantie visée au présent article est en lieu et place des garanties juridiques pour les défauts et la conformité et exclut toute autre responsabilité d'Athena pouvant résulter des produits fournis, en particulier, l'acquéreur ne doit pas faire d'autres revendications d'indemnisation pour les dommages, ou la résiliation du contrat. Passée la période de garantie aucune réclamation ne peut être invoquée contre Athena.

Article 5 - PLAINTES

5.1. Sous réserve, en tant qu'applicables, les dispositions de la loi du 21 Juin 1971, en vertu de l'article. 1 :

a) les plaintes concernant la quantité, poids, valeur de tare, couleur ou défauts de qualité ou de non-conformité que l'acquéreur a pu détecter dès qu'il est entré en possession des marchandises, doivent être effectuées par l'acquéreur dans un court délai à partir du moment où les marchandises ont été reçues à la destination et en toute éventualité, sous peine de déchéance, au plus tard 15 jours à partir de ce moment-là;

b) les vices, les défauts ou non-conformités cachés (ceux qui ne sont pas identifiés sur la base de la vérification exigée par la loi et par le présent paragraphe à l'acquéreur) doivent être signalés dans un bref délai de découverte et dans tous les cas, sous peine de déchéance, au plus tard 12 mois après la date de livraison.

5.2. Les réclamations doivent être faites par lettre recommandée adressée à Athéna, et doivent décrire en détail les défauts ou non-conformités contestées. Ils doivent également contenir une estimation du coût de la réparation ou de la modification de produits sur le site lorsque cela est possible. En l'absence de ces conditions, les plaintes n'ont aucune validité.

5.3. Si la réclamation s'avère infondée, l'acquéreur devra indemniser à Athéna toutes les dépenses engagées par lui pour en déterminer la constatation (voyage, études, etc.); l'acquéreur aura la même obligation si la plainte ne s'avère que partiellement fondée, pour un pourcentage supérieure à 30 pour cent par rapport aux contestations faites à l'origine.

5.4. Pour les marchandises retournées en raison de commandes reçues incorrectes de votre part nous serons forcés à appliquer sur notre note de crédit une déduction de 15% sur la valeur de la marchandise retournée avec un minimum de Euro 20,00.

Article 6 - RÈGLEMENTS TECHNIQUES ET RESPONSABILITÉ DU PRODUCTEUR

6.1. Pourvu qu'en ce qui concerne les caractéristiques des produits Athena l'on adhère aux normes législatives et techniques en vigueur en Italie, l'acheteur assume entièrement le risque de divergence entre les règles italiennes et celles du pays de destination des produits, en préservant l'indemnité d'Athéna.

6.2. Athéna est responsable des dommages causés aux personnes ou aux biens résultant de CONDITIONS GÉNÉRALES DE VENTE produits vendus uniquement en cas de négligence grave avérée dans la fabrication des ses produits, mais en aucun cas ne pourra être tenue responsable des dommages indirects ou consécutifs, de la perte de production ou des profits.

6.3. Nonobstant ce qui précède, l'acquéreur devra indemniser Athéna dans toutes les actions de tiers fondées sur la responsabilité découlant des produits vendus et verser une indemnité pour les dommages découlant des réclamations en question, Athéna pourra impliquer l'acquéreur - qui, en retour devra prendre toutes les mesures nécessaires pour l'action - dans le jugement intenté par des tiers.

Article 7 - LIVRAISON

7.1. Sauf différente convention écrite, la vente est faite FOB: même s'il est convenu qu'Athena s'occupe de l'expédition (ou une partie de celle-ci), dans lequel cas, il agira comme un représentant de l'acquéreur, dans l'accord visant que le transport sera effectué aux frais et risques de ce dernier.

7.2. En cas de retard de livraison, l'acquéreur peut annuler la partie non livrée de la commande seulement après en avoir communiqué à Athéna l'intention, par courrier recommandé avec accusé de réception, et lui avoir accordé 15 jours ouvrables suivant la réception de cette notification, dans la limite desquels Athéna livrera les produits spécifiés dans la demande et non déjà livrés. Toute forme de responsabilité pour les dommages résultant d'un retard ou défaut de livraison, en totalité ou en partie, est de toute façon exclue.

7.3. Sauf convention contraire, la livraison FOB des produits arrive à travers un avis écrit (y compris par télex) à l'acquéreur que les produits sont à sa disposition ; l'acquéreur aura jours à compter de l'envoi du présent avis afin d'en assurer le retrait.

7.4. Si l'acquéreur ne procède pas au retrait des produits dans les délais prévus à l'alinéa précédent, Athéna s'engage à rembourser les coûts d'entreposage, pour un montant forfaitaire fixé à 10% de la facture aux produits mêmes pour chaque semaine de retard; après 30 jours Athena pourra également vendre les produits par n'importe quel moyen, au nom de l'acquéreur, en retenant la totalité du prix dû (quelles que soient les conditions de paiement convenues) ainsi que les dépenses engagées.

Article 8 - PAIEMENT

8.1. Le paiement doit être fait, sauf accord contraire par écrit, exigible à la livraison ou de la manière et conditions précisés selon les offres. En cas de paiement par lettre de crédit, cette dernière devra être ouverte peu de temps après la conclusion du contrat dans sa plus simple expression et en conformité avec les dispositions du contrat, elle devra être irrévocable et confirmée par une banque de premier ordre en Italie. Tous les paiements effectués aux agents, représentants ou assistants de commerce d'Athéna ne seront pas effectués avant que les montants ne parviennent à cette dernière.

8.2. Tout retard ou irrégularité dans le paiement à Athéna lui donne le droit de suspendre les livraisons ou de résilier les contrats en cours, même s'ils ne sont pas pertinents aux paiements, ainsi que le droit à l'indemnisation des dommages. Athéna a droit - après la date limite de paiement, sans nécessité de mise en demeure - aux intérêts à la livraison dans la mesure du taux d'escompte applicable dans son pays, augmenté de 7 points.

8.3. L'acheteur doit verser la totalité du paiement en cas de litige ou de controverse. Toutefois, en ce qui concerne les montants contestés, elle a le droit de les déposer dans une banque italienne jusqu'à ce que le litige ait été résolu, en obligeant la banque de transmettre ces sommes à Athéna dans le cas de la résolution des litiges, en faveur de cette dernière. La compensation avec d'éventuels crédits, pouvant s'être produits, envers Athena, n'est pas permise.

Article 9 - RÉSERVE DE PROPRIÉTÉ

9.1. Dans le cas où le paiement doit être effectué - en tout ou en partie - après la livraison, les produits livrés restent de la propriété d'Athena jusqu'au moment du paiement intégral du prix dans la mesure permise par la loi du pays où les produits se trouvent.

9.2. L'acquéreur s'engage à faire tout le nécessaire pour construire dans son pays une réserve de propriété valable dans la forme la plus vaste possible, ou à s'engager dans une forme similaire de garantie en faveur d'Athena.

Article 10 - FORCE MAJEURE ET ONÉROSITÉ EXCESSIVE

10.1. En cas incendies, effondrements, inondations, manque de fournitures, perturbation, grèves, grèves patronales ou d'autres

événements pour cause de force majeure, qui empêchent ou réduisent considérablement la production dans l'établissement Athena ou bloquent les transports entre l'établissement d'Athena et la destination des produits, la partie contractante touchée a droit à une prorogation pouvant aller jusqu'à 45 jours (90 dans les pires cas) des conditions de livraison ou de prélèvement des produits, à condition d'avis par écrit immédiatement de la part de l'autre partie au moment de la survenance de l'événement du cas de force majeure.

10.2. Une fois expirés les délais susmentionnés et s'il persiste la situation de force majeure, l'autre partie pourra résilier le contrat, en transmettant un avis écrit par courrier recommandé avec accusé de réception à la partie défaillante. Dans ce cas, cette partie n'aura aucune obligation de payer des dommages-intérêts.

10.3. Si pour une raison imprévue un entrepreneur du secteur avec une expérience normale, trouve que les obligations d'Athena soient devenues - avant leur exécution - trop onéreuses par rapport à la contre-prestation convenue à l'origine, de manière à modifier le rapport lui-même de plus de 20 pour cent, Athena peut demander une révision des clauses contractuelles et, en défaut de quoi, de résilier le contrat. Dans ce dernier cas, cependant, les dépenses encourus en rapport avec la résiliation du contrat devront être remboursées à l'acquéreur.

Article 11 - RÉSILIATION DU CONTRAT

11.1. L'acquéreur ne peut pas renoncer à sa position dans le contrat ou dans les rapports individuels qui en résultent sans l'approbation écrite du vendeur. Également dans ce cas, l'acquéreur reste conjointement et solidairement responsable avec le cessionnaire pour les obligations cédées.

Article 12 - INTERPRÉTATION, MODIFICATIONS, CLAUSES NON VALIDES

12.1. Pour l'interprétation des présentes conditions générales, seul le texte italien de ces dernières fait foi.

12.2. Toutes les pièces jointes ou prémisses sont une partie intégrante des contrats auxquels ils se rapportent. Toute référence aux listes de prix, conditions générales ou autre matériel d'Athena ou de tiers est réputé se référer aux documents en vigueur au moment du rappel lui-même, sauf indication contraire ; les textes correspondants précédemment en vigueur entre les parties doivent être considéré comme annulés.

12.3. Les déclarations faites ou la conduite des parties durant les négociations ou lors de l'exécution du contrat ne peuvent aider à l'interprétation du contrat auquel elles se rapportent, et dans la mesure où elles ne rentrent pas en conflit avec les présentes conditions générales ou avec les accords signés par les parties lors de la conclusion du contrat en question.

12.4. Sous réserve des dispositions susmentionnées aux articles 2.4. 2.4. et 2.5., toutes les modifications ou ajouts réalisés par les parties à des contrats couverts par les présentes conditions générales doivent être faits par écrit, sous peine de nullité. La dérogation à une ou plusieurs dispositions des présentes conditions générales ne doit pas être interprétée au sens large ou par analogie, et n'implique pas une volonté de renoncer aux conditions dans leur intégralité.

12.5. Toute modification dans les conditions contractuelles convenues entre les parties ne constitue pas novation du contrat, sauf intention contraire exprimée, résultant par écrit.

12.6. En cas de dispositions contractuelles invalides ou inefficaces, le contrat dans son intégralité doit être intégré et interprété comme s'il contenait toutes les clauses qui permettent d'atteindre d'une manière compatible avec le droit, au but essentiel poursuivi par l'accord contenant les clauses en question.

Article 13 - TRIBUNAL COMPÉTENT

13.1. Tout litige relatif ou lié à des contrats couverts par les

présentes conditions générales est de la compétence exclusive du Tribunal de Vicence; Athena aura toutefois la faculté d'agir auprès du Tribunal de l'acquéreur.

CONDICIONES GENERALES DE VENTA

Artículo 1 - NORMATIVA CONTRACTUAL

1.1. Las presentes condiciones generales, salvo eventuales derogaciones específicamente acordadas por escrito, reglamentan todos los contratos de venta actuales y futuros entre las partes. Eventuales condiciones generales del comprador no se aplicarán a las relaciones futuras entre las partes salvo que se acepten expresamente por escrito; sin embargo, en tal caso, salvo derogación por escrito, no anularán la eficacia de las presentes condiciones generales, con las cuales se deberán coordinar.

1.2. La referencia a eventuales condiciones comerciales (Franco Fábrica, FOB, CIF, etc.) aludirá a los Incoterms de la Cámara de Comercio Internacional vigentes en el momento de la celebración del contrato.

1.3. Todos los contratos de venta entre las partes, así como las presentes condiciones generales, estarán reglamentados por la ley italiana, en particular por la ley uniforme sobre la venta internacional de bienes muebles, ratificada por la ley del 21 de junio de 1971, así como por la ley uniforme sobre la estipulación de los contratos de venta internacional de bienes muebles, ratificada en la misma fecha; eventuales derogaciones o alusiones de las partes a artículos específicos de la ley italiana no conllevarán la no aplicación de las leyes uniformes antedichas en lo que compete a la disciplina contractual.

1.4. La adhesión a las presentes condiciones generales, así como todos los contratos y comportamientos sucesivos de las partes reglamentados por las mismas, salvo que existan acuerdos contrarios por escrito, no implicarán el otorgamiento al comprador de ninguna exclusiva, ni la instauración de relaciones de concesión, comisión o mandato, con o sin representación, ni tampoco el derecho a utilizar de ninguna forma las marcas y los signos distintivos del vendedor.

Artículo 2 - ESTIPULACIÓN Y OBJETO DEL CONTRATO

2.1. Las ofertas hechas por agentes, representantes y auxiliares de comercio de Athena S.p.A. no son vinculantes para Athena hasta no ser confirmadas por ésta.

2.2. El envío de las presentes condiciones generales no implica de por sí aceptación de eventuales ofertas en el ámbito de negociaciones en curso; sin embargo, sustituyen y anulan aquellas propuestas anteriormente por cualquiera de las partes.

2.3. El envío por parte de Athena de listas de precios o de material descriptivo de los productos donde no figure la indicación expresa de "oferta" u otra equivalente no podrá considerarse una propuesta. Las indicaciones "sin compromiso", "sujeto a disponibilidad" y otras análogas aplicadas por Athena a una oferta no vinculan a la misma a los términos de la oferta, ni siquiera en caso de aceptación de la oferta por el comprador, hasta la confirmación por escrito o la ejecución conforme por parte de Athena. La oferta se considera firme e irrevocable sólo si es calificada como tal por escrito y se especifica en ella un plazo de validez de la cláusula.

2.4. La aceptación de un contrato por parte del comprador, con cualquier modalidad, comporta su adhesión a las presentes condiciones generales. En el caso de que Athena haya emitido, incluso posteriormente a la celebración del contrato, una confirmación de pedido, se presume que las condiciones del contrato serán las mismas de la confirmación de pedido, salvo que el comprador haga notar diferencias inmediatamente por escrito.

2.5. La aceptación sin reserva expresa por parte del comprador de productos no conformes en cuanto a tipo o cantidad enviados según condiciones diferentes de aquellas contenidas en la solicitud del comprador implica la aceptación por parte de éste del suministro y de las condiciones propuestas por Athena. Las reservas antedichas (aunque se formulen a modo de aclaraciones o rectificaciones de las condiciones de suministro) no tendrán eficacia si no han sido formuladas por el comprador por escrito inmediatamente después de recibir la mercancía.

2.6. Todos los registros o transcripciones exigidos por el país de

cada parte o por el país de destino de los bienes para dar plena eficacia a los contratos reglamentados por estas condiciones generales o a una de las cláusulas deberán ser efectuados por el comprador bajo su responsabilidad y a sus expensas.

2.7. Con la adhesión a las presentes condiciones generales de venta, el comprador se compromete a no revender los productos contractuales a vendedores operativos en plataformas online (lo que se llama "e-marketplace").

Artículo 3 - MUESTRAS, DIBUJOS Y DOCUMENTOS TÉCNICOS

3.1. Los pesos, las medidas, las capacidades, los precios, los rendimientos, los colores y demás datos que figuran en los catálogos, prospectos, circulares, anuncios publicitarios, ilustraciones, listas de precios y demás documentos ilustrativos de Athena, así como las características de las muestras y modelos de ésta enviados al comprador, son de carácter indicativo. Estos datos no tienen ningún valor vinculante, salvo en la medida en que hayan sido expresamente mencionados en la oferta o en la aceptación escrita de Athena.

3.2. Si la oferta o la aceptación del comprador hacen referencia a una muestra ofrecida por Athena, se entiende que el suministro de ésta, salvo que existan acuerdos contrarios por escrito, está vinculado a las características de la muestra dentro de los límites indicados en el punto 3.1.

3.3. En el caso de que Athena tome como referencia para el suministro una muestra suministrada por el comprador, Athena será responsable -salvo que existan acuerdos contrarios por escrito- de la conformidad de su prestación (dentro de los límites enunciados en el punto 3.1.) sólo a las características aparentes de la muestra.

3.4. Cualquier dibujo o documento técnico que permita la fabricación o el montaje de los productos vendidos o de sus partes y que se entregue al comprador, ya sea antes o después de la estipulación del contrato, seguirá siendo propiedad de Athena. Dichos dibujos o documentos no podrán ser utilizados por el comprador ni copiados, reproducidos, transmitidos o comunicados a terceros sin autorización escrita de Athena.

Artículo 4 - GARANTÍA

4.1. Fuera del ámbito de aplicación de los artículos anteriores, y sin perjuicio de los acuerdos establecidos por escrito por las partes en cada oportunidad, Athena garantiza la conformidad de los productos suministrados a las condiciones expresamente acordadas. La garantía por defectos se limita a los defectos de diseño, de material o de fabricación que sean responsabilidad de Athena y no se aplica en el caso de que el comprador no pueda dar prueba de que el uso, el mantenimiento y la conservación de los productos han sido correctos y no se han implementado modificaciones o reparaciones sin autorización de Athena.

4.2. La garantía tiene una duración de 12 meses a partir de la fecha de entrega y está supeditada a la regular denuncia efectuada por el comprador según el artículo siguiente, así como a la expresa solicitud por escrito a Athena de efectuar una intervención en garantía. En virtud de la solicitud antedicha, Athena tiene, alternativamente, la obligación (a su elección), en un plazo razonable considerando la magnitud de la reclamación, de:

a) suministrar gratuitamente Franco Fábrica al comprador productos del mismo tipo y en la misma cantidad de aquellos que resulten defectuosos o no conformes a lo acordado; Athena puede, en tal caso, exigir, a expensas del comprador, la devolución de los productos defectuosos, que pasarán a ser de su propiedad;

b) reparar a sus expensas el producto defectuoso o modificar aquel no conforme a lo acordado, efectuando las operaciones antedichas in situ o en su fábrica; en estos casos, todos los costes de transporte de los productos estarán a cargo del comprador;

c) indemnizar al comprador por los daños, acreditándole un importe igual al coste de la reparación o modificación del producto

efectuado en su fábrica;

d) declarar por escrito la rescisión del contrato, ofreciendo el reembolso del precio contra la devolución de los productos suministrados. Salvo en caso de dolo o culpa grave por parte de Athena, la eventual indemnización de daños al comprador no podrá superar el precio de la factura de los productos que son objeto de reclamación.

4.3. Los productos "Racing" destinados a la competición deportiva no están cubiertos por ninguna garantía expresa ni implícita, y Athena se exime de cualquier responsabilidad.

4.4. La garantía que es objeto del presente artículo anula y sustituye las garantías legales por defectos y noconformidades y excluye cualquier otra posible responsabilidad de Athena que de alguna manera puedan originar los productos suministrados; en particular, el comprador no podrá presentar ulteriores demandas de indemnización de daños, reducción de precio o cese del contrato. Transcurrido el plazo de garantía, no se hará valer ninguna pretensión contra Athena.

Artículo 5 - RECLAMACIONES Y DEVOLUCIONES

5.1. Sin perjuicio de la aplicación, en lo que corresponda, de las disposiciones de la ley del 21 de junio de 1971, a saber, art. 1:

a) las reclamaciones relativas a cantidad, peso, tara total, color, defectos o fallas de calidad o noconformidades que el comprador podría observar al recibir la mercancía deberán ser presentadas por el comprador en un breve plazo desde el momento en que los productos lleguen al lugar de destino y, en cualquier caso, so pena de caducidad, no después de 15 días desde dicho momento;

b) los defectos, fallas o no-conformidades ocultos (no identificables mediante la verificación exigida al comprador por la ley y por el punto anterior) deberán ser denunciados en un breve plazo desde su descubrimiento y, en cualquier caso, so pena de caducidad, no después de 12 meses desde la fecha de entrega.

5.2. Las reclamaciones deben efectuarse por carta certificada dirigida a Athena y deben indicar detalladamente los defectos y no-conformidades observados. Además, deben contener un presupuesto de los costes de reparación o modificación de los productos in situ, en lo posible. En ausencia de estos requisitos, las reclamaciones no tendrán eficacia alguna.

5.3. Si la reclamación resulta infundada, el comprador tendrá la obligación de reembolsar a Athena todos los gastos en los que ésta haya incurrido para la verificación (viajes, inspecciones, etc.); la misma obligación tendrá el comprador si la reclamación resulta sólo parcialmente fundada, en un porcentaje no superior al 30 por ciento respecto de las reclamaciones presentadas inicialmente.

5.4. En caso de devolución de mercancías por errores en los pedidos, se aplicará a la nota de crédito una retención del 15% sobre el valor de la mercancía devuelta, con un mínimo de 20 Euro.

Artículo 6 - NORMAS TÉCNICAS Y RESPONSABILIDADES DEL FABRICANTE

6.1. Dado que, en lo que hace a las características de los productos, Athena se atiene a la legislación y a las normas técnicas vigentes en Italia, el comprador asume por completo el riesgo de eventuales divergencias entre las normas italianas y las del país de destino de los productos, eximiendo a Athena de cualquier responsabilidad.

6.2. Athena es responsable de los daños a personas o bienes originados por los productos vendidos sólo en caso de grave negligencia probada en la fabricación; en ningún caso podrá considerarse responsable de daños indirectos o secundarios, pérdidas de producción o ausencia de ganancias.

6.3. Sin perjuicio de lo establecido más arriba, el comprador eximirá a Athena de todas las acciones emprendidas por terceros fundadas en responsabilidades originadas por los productos vendidos, y la indemnizará por los daños derivados de las pretensiones en cuestión; Athena podrá hacer participar al comprador -que por su parte deberá emprender todas las iniciativas necesarias para intervenir- en el juicio eventualmente iniciado por tales terceros.

Artículo 7 - ENTREGA

7.1. Salvo que existan acuerdos contrarios por escrito, la venta se considerará efectuada Franco Fábrica aun en el caso de que el envío (o parte de él) esté a cargo de Athena, en cuyo caso ésta actuará como mandatario del comprador, quedando entendido que el transporte se efectuará a expensas y riesgo de éste.

7.2. En caso de retraso en la entrega, el comprador podrá anular la parte del pedido no entregada sólo después de comunicar su intención a Athena por carta certificada con acuse de recibo y concediéndole 15 días hábiles desde la fecha de recepción de dicha comunicación, plazo en el que Athena podrá entregar todos los productos especificados en la intimación y aún no entregados. De todas maneras, se excluye cualquier responsabilidad respecto de daños derivados de retrasos o faltas de entrega totales o parciales.

7.3. Salvo que existan acuerdos contrarios, para la entrega Franco Fábrica de los productos se envía al comprador una comunicación escrita (incluso vía télex) en la que se le notifica que los productos están a su disposición; el comprador tiene días desde el envío de tal comunicación para efectuar el retiro.

7.4. Si el comprador no retira los productos dentro del plazo previsto en el apartado anterior, deberá reembolsar a Athena los gastos de almacenaje, que se fijarán en un forfait del 10% del importe de la factura relativa a los productos por cada semana de atraso; transcurridos los 30 días, Athena podrá vender por cualquier medio los productos por cuenta del comprador, reteniendo el precio total debido (independientemente de las condiciones de pago acordadas), así como el importe de los gastos en los que haya incurrido.

Artículo 8 - PAGO

8.1. El pago deberá efectuarse, salvo que existan acuerdos contrarios por escrito, en el momento de la entrega o con las modalidades y según las condiciones establecidas para cada oferta. En caso de pago mediante carta de crédito, ésta deberá ser abierta en un breve plazo desde la celebración del contrato en la forma más simple y conforme a las previsiones del contrato, y deberá ser irrevocable y confirmada por un banco italiano importante. Eventuales pagos hechos a agentes, representantes o auxiliares de comercio de Athena no se considerarán efectuados hasta que ésta no reciba los importes correspondientes.

8.2. Cualquier retraso o irregularidad en el pago da a Athena el derecho a suspender los suministros o rescindir los contratos en curso, aun aquellos no relacionados con los pagos en cuestión, así como el derecho a la indemnización de eventuales daños. De todas maneras, Athena tiene derecho -a partir de la fecha de caducidad del pago, sin necesidad de puesta en mora- a los intereses moratorios en la medida de la tasa de descuento vigente en su país aumentada en 7 puntos.

8.3. El comprador tiene la obligación de efectuar el pago integral aun en caso de reclamación o controversia. Athena tiene la facultad de depositar eventuales importes que sean objeto de controversia en un banco italiano hasta la resolución de la controversia, comprometiendo al banco a enviar tales importes a Athena en caso de resolución de la controversia a favor de ésta. No se admiten compensaciones con eventuales créditos del comprador para con Athena, independientemente de su origen.

Artículo 9 - RESERVA DE PROPIEDAD

9.1. Si el pago se efectúa -total o parcialmente- después de la entrega, los productos entregados siguen siendo propiedad de Athena hasta el momento del pago total del precio en la medida permitida por la ley del país donde se encuentren los productos.

9.2. El comprador se compromete a hacer lo necesario para constituir en dicho país una válida reserva de propiedad en la forma más extensa permitida, o para implementar una forma de garantía análoga a favor de Athena.

Artículo 10 - FUERZA MAYOR Y EXCESIVA ONEROSIDAD

10.1. Cuando ocurran incendios, derrumbes, inundaciones, faltas de abastecimiento, problemas de transporte, huelgas, cierres patronales u otros acontecimientos debidos a casos de fuerza mayor, que impidan o reduzcan considerablemente la producción en las plantas de Athena o bloqueen los transportes entre la planta de Athena y el lugar de destino de los productos, la parte afectada tendrá derecho a una prórroga de hasta 45 días (extensibles a 90 en los casos más graves) de los plazos de entrega o retiro de los productos, siempre que avise inmediatamente por escrito a la contraparte acerca del caso de fuerza mayor.

10.2. Transcurridos los plazos antedichos, en caso de persistir la situación de fuerza mayor, la otra parte podrá rescindir el contrato, enviando por carta certificada con acuse de recibo una comunicación a la parte incumplidora. Ésta no tendrá, en este caso, ninguna obligación de indemnización de daños.

10.3. Si, por cualquier otro motivo imprevisible para un empresario del sector con experiencia normal, la ejecución de las obligaciones de Athena resulta -antes de su ejecución- excesivamente onerosa en relación con la contraprestación originariamente acordada, hasta el punto de superar el 20 por ciento, Athena puede solicitar una revisión de las condiciones contractuales y, en su defecto, declarar el contrato rescindido. En este caso, se devolverán al comprador los gastos en los que éste haya incurrido para celebrar el contrato cesado.

Artículo 11 - CESIÓN DEL CONTRATO

11.1. El comprador no puede ceder su posición en el contrato o en las obligaciones individuales derivadas del contrato sin la aceptación escrita del vendedor: aun en tal eventualidad, el comprador seguirá siendo, junto al cesionario, solidariamente responsable de las obligaciones cedidas.

Artículo 12 - INTERPRETACIÓN, MODIFICACIONES, CLÁUSULAS NO VÁLIDAS

12.1. Para la interpretación de las presentes condiciones generales es fehaciente únicamente el texto italiano.

12.2. Eventuales anexos o premisas se considerarán parte integrante de los contratos a los que se refieren. Cualquier reclamación sobre las listas de precios, las condiciones generales u otro material de Athena o de terceros se considerará referida a los documentos vigentes en el momento de la reclamación, salvo que se especifique lo contrario; deberá considerarse anulado todo anterior acuerdo previamente vigente entre las partes.

12.3. Las declaraciones efectuadas o el comportamiento de las partes durante las negociaciones o la ejecución del contrato pueden contribuir a la interpretación del solo contrato al que se refieren, y siempre que no contradigan las presentes condiciones generales o los acuerdos escritos establecidos entre las partes al celebrar el contrato en cuestión.

12.4. Sin perjuicio de lo establecido en los artículos 2.4. y 2.5., cualquier modificación o integración aplicada por las partes a los contratos a los que se aplican las presentes condiciones generales deberá efectuarse por escrito, so pena de nulidad. La derogación a una o varias disposiciones de las presentes condiciones generales no debe interpretarse extensivamente o por analogía y no implica la voluntad de no aplicar las condiciones generales en su conjunto.

12.5. Eventuales variaciones de las condiciones contractuales acordadas entre las partes no constituyen novación del contrato, salvo que conste lo contrario expresamente por escrito.

12.6. En caso de disposiciones contractuales no válidas o ineficaces, el contrato en su conjunto se integrará e interpretará como si contuviera todas las cláusulas que permiten lograr, de manera conforme a la ley, el objetivo esencial perseguido por el acuerdo contenido en las cláusulas en cuestión.

Artículo 13 - TRIBUNAL COMPETENTE

13.1. Por cualquier controversia relacionada o vinculada con los contratos a los que se aplican las presentes condiciones generales, es competente exclusivamente el tribunal de Vicenza; sin embargo, Athena tendrá la facultad de actuar en el tribunal del comprador.
